

RCSD Teachers!

Looking for support to begin this unusual school year?
Look to the Career in Teaching Program (CIT)!

You can get confidential assistance by requesting Professional Support from a CIT Lead Teacher-Mentor!

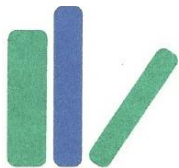

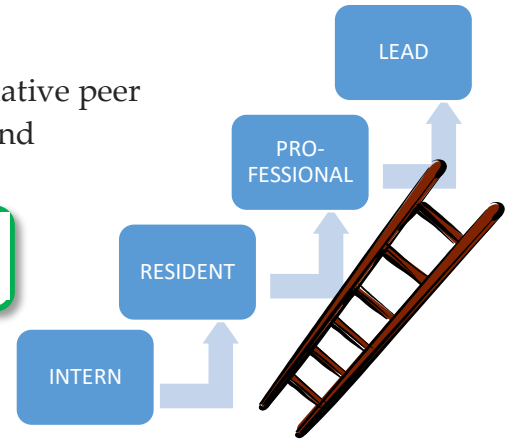

CIT Professional Support is voluntary, confidential, non-evaluative peer coaching from a trained CIT Lead Teacher-Mentor to support and strengthen any aspect of your professional practice.

To request support or learn more, visit the CIT Website:
www.rcsdk12.org/CIT/professionalsupport.

We encourage you to request professional support if you:

- will be transitioning to a *new school building*,
- are assigned a *new grade level* or *new subject area*,
- want support with *student engagement*, *developing relationships with students & families*, *culturally-responsive practice*, or *creating meaningful learning activities*,
- could use assistance *adapting your work for remote learning*, or
- *if you need assistance with any other aspect of your professional practice.*

The CIT Program is a teacher-led program jointly governed by the RTA and RCSD through the CIT Joint Governing Panel. More information at the [CIT Website](http://www.rcsdk12.org/CIT).
