PREAMBLE

1. The Rochester Teachers Association, the City School District, the Board of Education and the Superintendent of Schools recognize that they have a common responsibility beyond their collective bargaining relationship.

2. The Rochester Teachers Association, the City School District, the Board of Education and the Superintendent of Schools wish to state their mutual intent to continue to work toward the achievement of common goals.

All students can learn and we have the responsibility to educate all of them well.

Student achievement must not be predictable by a student's circumstances, background, race or socio-economic status.

3. The Rochester Teachers Association and the City School District, the Board of Education and the Superintendent of Schools, believe that fundamental to educational reform is delineating extended expectations for all professional staff. These may be thought of as a series of commitments which, taken with the core propositions of the National Board for Professional Teaching Standards and the 1989 PART Report, provide a framework for the formulation of criteria for professional practice.

The parties are dedicated to undertake the purposeful change necessary to restructure schools. A transformed marketplace increasingly demands high skilled, analytical, creative problem solvers able to adapt to the changing requirements of an informational/technological workplace. Only a transformed school system will be able to respond. For that transformation to occur, teachers must aggressively champion every child.

A commitment to change means a willingness to reconsider and alter, as necessary, traditional relationships, organizational structures, and allocations of personnel, resources, time and space to advance student achievement and enhance the life of the school as a center of learning and productivity.

The first professional commitment must be to advance student achievement. Professionals must scrutinize routine patterns of teaching and learning, and confront fundamental issues. This commitment may be manifested by such innovations as ungraded and flexible groupings, the merging of special and regular education classes, interdisciplinary teams, and schedules routinely adjusted to match instructional demands. This commitment is to a new way of thinking, to a continual search for more effective paradigms. The context for decision-making is recommended best practice as documented in the research base.

Teachers must be committed to enhancing the life of the school and

helping to forge a community of learners based on a system of shared responsibility, values, and mores and to model the behavior of a life-long learner that we expect of our students.

4. The Rochester Teachers Association, the City School District, the Board of Education and the Superintendent of Schools have sought for a number of years to attain mutually satisfactory general objectives and educational goals, as well as programs reflecting mutual concern in areas such as the reduction of class size, development of a more effective curriculum, promotion of the use of relevant and innovative materials, and racial integration among faculties and students.

5. The Rochester Teachers Association, the City School District, the Board of Education and the Superintendent of Schools are committed to further advance their mutual goals by retaining present programs (School-based Planning Teams and Career in Teaching) and by taking innovative steps toward fulfilling the educational needs of the children of this school system and the legitimate expectations of the community.

6. The Rochester Teachers Association, the City School District, the Board of Education and the Superintendent of Schools recognize that their major goal is the effective education of all students in the City School District and support the general principles articulated in the report of the RTA/RCSD Joint Task Force on Shared Accountability for Improved Student Learning.

e. The Board agrees that it will not accord dues deduction rights to any other teacher organization.

f. It is specifically agreed that the District and the Board assume no obligation, financial or otherwise, arising out of the provisions of this Section, and the Association agrees that it will indemnify and hold the District and the Board harmless from any and all claims, actions, demands, suits, or proceedings by any employee, or any other party, arising from deductions made by the District or Board and remittance to the Association of dues and any other fees under this Section.

To inform new teachers of the provisions of this contractual Agreement, and to explain the services available through the Association, the Association shall, during the first month of school, have time for orientation of new teachers for a 30-minute period conducted by the Association at the building level if such time is needed.

6. Released Time for Association Representatives

a. When it is necessary for representatives of the Association to engage in Association activities directly relating to the Association duties as representatives of the teachers which cannot be performed other than school hours, upon the approval of the Superintendent or his/her designated representative within a reasonable time in advance, they shall be given such time, without loss of pay as is necessary to perform any such activities. The Association and its officers recognize and agree that this privilege should not be abused.

b. Partial release time shall be reimbursed at Step 1 on Appendix A prorated to reflect the amount of time the individual is released.

If the principal and the building committee are completely unable to agree on scheduling meetings, the principal shall have the discretion to schedule one (1) meeting a month.

(2) Classroom interruptions shall be kept to a minimum. Recognizing that scheduled class time is intended to be used for the instruction of students, the Building Committee in each school will, with input from the school's parent organization (or parents), develop procedures that allow parents access to the classroom without interruptions to instruction. Such procedures will be filed annually with the District Central Office and RTA by June 30th preceding each school year. This provision is not intended to prevent parents from visiting their child's classroom when such visits are scheduled in advance.

(3) The Association Building Committee and the Principal of each building will develop a plan to deal with emergency situations or situations where a teacher must consent to assume substitute duties. Such plans shall provide for an equitable division of such substitute duties among all teachers. Copies of plans shall be filed with the Superintendent and with the Association by October 15 of each school year.

(4) In each school, the Association Building Committee and the Principal shall, subject to the approval of the Superintendent or his/her designee, jointly cooperate in experimenting with flexible schedules of varying length within the school day for individual pupils with special needs.

(6) The Building Committee and the Principal shall establish policy and procedures for the utilization of the school copier(s).

(7) The Building Committee shall periodically meet with the Principal during each school year to discuss and seek agreement on building-level mandated reporting and paperwork.

(8) The Principal shall present to a joint meeting of the School-based Planning Team and Building Committee the proposed school budget for the

per pupil allocation funds. This presentation shall occur prior to June 1st and the principal shall seek the endorsement of the SBPT and the Building Committee.

(9) Each school Principal shall meet with the Building Committee and other school personnel and/or experts to discuss a plan for handling an assault on teachers or staff. Based on such discussions, the principal shall develop a plan and file it with the appropriate District Administrator and the RTA by October 1st. The plan shall be reviewed annually by the Principal and Building Committee and appropriate others, and any amendments shall be filed by October 1st.

(10) At each school, the Building Committee and Principal, with direct input from the faculty, may develop building-level guidelines consistent with the District's Code of Conduct for student discipline. These guidelines may include ranges of discipline that may be imposed for the more commonly seen violations of the District's Code of Conduct. The guidelines for the following school year should be drafted in the spring of the preceding school year and finalized prior to the end of that school year.

10. Use of Facilities

The Association shall have the following rights subject to reasonable regulations:

- a. To use bulletin boards or other communications media, and
- b. To use building facilities for the purpose of meetings concerned with the exercise of the rights established in this Agreement.

11. Leaves of Absence Without Pay for Association Activities

The Board agrees that one teacher designated by the Association will, upon written request at least thirty (30) days in advance, be granted a leave of absence for up to two (2) years without pay for the purpose of engaging in Association (local, state, national) activities. Upon return from such leave, such teacher will be considered as if s/he were actively employed by the District during the leave and will be placed on the salary schedule at the step s/he would have achieved had s/he not been absent with all accumulated benefits which had accrued to him/her prior to such leave.

12. Association Reports and Faculty Meetings

- a. The Association building representative shall be given an opportunity at building faculty meetings to present brief reports and announcements not to exceed fifteen (15) minutes at the end of and prior to the conclusion of the meeting.

b. An Association representative (Section 9.9.b.) shall be given an opportunity at staff meetings to present brief reports and announcements not to exceed fifteen (15) minutes at the end of and prior to the conclusion of the meeting.

13. Administrative and Committee Assignments

All Association building representatives shall be relieved of administrative and/or committee assignments during their term of office. The number of building representatives so relieved shall be fixed as of November 1, 1978, and may either increase or decrease after that date based upon a concomitant increase or decrease of Association members in that unit. No more than eight (8) members of the Teacher Unit Grievance Committee shall be relieved of homeroom and/or committee assignments.

14. Association Identification

No teacher shall be prevented from wearing an insignia, pin or other identification of membership in the Association on school premises.

15. Periodic Meetings

The parties agree to meet periodically during the term of this Agreement to discuss matters of mutual concern.

16. Access to Information

The Board agrees to furnish to the negotiating committees in accordance with their reasonable requests all available information concerning financial resources of the district, tentative budgetary requirements, and allocations and such other information as will assist the negotiating committees in developing intelligent, accurate and constructive programs on behalf of the teachers and their students.

17. Upon receipt of a signed authorization card specifying the contribution amount and schedule, the District shall deduct from the wages or salary of employees in the bargaining unit VOTE/COPE contributions.

**SECTION 10
EDUCATION REFORM**

The Board and the Superintendent and the Association agree to cooperatively participate in the development of School-based Planning at each school location. District sanctioned School-based Planning Teams at each school location will include teacher representation consistent with selection procedures developed in cooperation with the Association.

Each School-based Planning Team will have the option to amend:

- a. Aspects of the school's Comprehensive School-wide Reform program.
- b. The report card format for their school within criteria and parameters established jointly by the District and the Association.

3. Strategic Review

The Association President and one other Association officer shall join the Superintendent's strategic review team as full participants in the development and review of strategic and innovative projects.

4. New School Units

a. The District and the Association agree to encourage the establishment of new, smaller school units and schools within schools. A multi-party work group shall be formed to identify issues and incentives, to provide support and access to planning expertise, and to facilitate the process of enabling groups of educators to create more responsible school units. Issues to be addressed may include, but are not limited to, scheduling, staffing (transfers, certification, etc.), length/variation of school day and year, interaction with community agencies, community service activities, relationship to existing School-based Planning procedures, mandate relief, contract and policy waivers, etc.

b. The parties agree to jointly plan and implement a teacher-led school of National Board for Professional Teaching Standards (NBPTS) teachers for demonstration of accomplished practice, for teacher induction and for teacher professional development. The 2011-12 school year shall be for joint planning. The intent of the parties is that the planning committee shall connect this initiative to the mandated transformation and school improvement models.

5. The parties shall continue to collaborate to help secure and find mutually agreeable uses for the Teacher Incentive Fund (TIF).

SECTION 11 EDUCATIONAL POLICY

1. In the event the Board is considering a change in policy which would come within the scope of this Agreement, or is considering any change in District-wide educational policy which has an impact on the terms and conditions of work, the Board or the Superintendent shall so notify the President of the Association. The Association shall, within ten (10) days, notify the President of the Board if the Association will exercise its right to negotiate these matters. The Board and the Association shall also negotiate on any appropriation of unanticipated additional sources of public revenue which are not specifically earmarked.
2. The Association shall also have the opportunity to present its views to the Superintendent, his/her designee, and/or the Board on other revisions of educational policy which the Association may deem desirable at a mutually convenient time.
3. The District agrees to make every effort to prevent reduction in instructional services to students for the life of this Agreement.

SECTION 12 MULTICULTURAL EDUCATION

In order to assure the continuation of positive action designed to further implement the District's commitment to provide multicultural education as expressed in Board resolutions, and to carry out the principles of the Preamble of the Agreement, the Association and the Administration shall continue and will accelerate their efforts to provide multicultural education.

SECTION 13 FEDERAL AND OUTSIDE FUNDED PROJECTS

1. a. A Joint Committee of the administration and the Association shall be established to review all present and proposed federal and outside funded projects and to recommend future projects and study the impact of such projects on the regular instructional program. Such Committee shall be composed of ten (10) persons. Five (5) persons will be appointed by the Association, one of whom will be a parent. Five (5) persons will be appointed by the Superintendent, one of whom will be a parent selected by the Parent Council. All project proposals shall

be submitted to the Joint committee prior to Board approval and/or submission to the appropriate government agency.

b. The Committee shall meet as the need arises, and shall make its report available to both the Association and the Board on or before March 1st and June 1st of the school year.

2. The working conditions of certified personnel working on all federal and outside funded projects shall be in substantial conformity with the terms of this Agreement.

3. All positions under such programs will be publicized in accordance with existing procedures.

SECTION 14 GRIEVANCE PROCEDURE

1. Definitions

a. **Grievance** A "grievance" is a claim based upon an event or condition which affects the conditions or circumstances under which a teacher works, allegedly caused by misinterpretation or inequitable application of established policy or the terms of this Agreement.

b. **Teacher** the term "teacher" may include a group of teachers who are similarly affected by a grievance.

c. **Party-in-interest** A "party-in-interest" shall mean the person making the claim and/or any person who might be required to take action or against whom action might be taken in order to resolve the problem.

d. **Days** The term "days" when used in this Section shall, except where otherwise indicated, mean working school days.

e. **Aggrieved Party** the term "aggrieved party" shall mean any person or group of persons in the negotiating unit filing a grievance.

2. Purpose

The primary purpose of the procedure set forth in this Section is to secure, at the lowest possible level, equitable solutions to the problems of the parties. Except as is necessary for the purpose of implementing this Section, both parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of such procedure. Nothing contained herein shall be

construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration.

3. Procedure

a. It is important the grievances be processed as rapidly as possible. The number of days indicated at each level should be considered as maximum and every effort should be made to expedite the process. However, when mutually agreed, the time limits given below may be extended.

b. In the event a grievance is filed on or after the first of June, which, if left unresolved until the beginning of the following school term could result in irreparable harm to the teacher or group of teachers concerned, the time limits set forth herein shall be appropriately reduced.

c. Failure at any step of this procedure to communicate to the aggrieved and the Association the decision on a grievance within the specified time limits shall permit the aggrieved teacher to proceed to the next stage of the grievance procedure. Failure to appeal a grievance to the next stage within the specified time limits shall terminate the grievance.

4. Stages

a. Stage 1 - Immediate Supervisor

Any teacher having a grievance shall present the grievance to his/her immediate supervisor or principal, whoever is most directly concerned, within sixty (60) business days of the date the teacher knew or should have known of the alleged violation. The teacher shall submit the grievance in writing on the District Stage One Grievance Form which is available at the work location. The grievance may be presented by the teacher, either individually or with the Association Building Representative, with the objective of resolving the matter.

Within five (5) days, the immediate supervisor or principal shall present his/her resolution in writing on the Stage One Grievance Form to the grievant and a copy to the RTA Faculty Representative and the Association, and forward same, in writing, to the Superintendent of Schools or his/her designee.

When the response by the supervisor or principal does not resolve the grievance, the supervisor or principal shall present his/her resolution in writing to the grievant and a copy to the Association Representative within this time limit.

b. Stage 2 - Superintendent of Schools

(1) If the decision at Stage One does not satisfactorily resolve the

grievance, the grievant and/or Association may appeal the decision and shall forward the Stage One Grievance Form to the Superintendent or his/her designee within ten (10) days of the written response of the immediate supervisor or principal.

(2) Within ten (10) days from the receipt of the written appeal at Stage 1, the Superintendent or his/her designee shall hold a meeting with the teacher, his/her representative and all of the parties in interest.

(3) The Superintendent or his/her designee shall render his/her decision in writing to the teacher, his/her representative and all other parties in interest within five (5) days after the conclusion of the meeting.

c. Stage 3 - Board of Education

(1) If the teacher and/or Association is not satisfied with the decision at Stage 2, an appeal may be filed in writing with the Board within fifteen (15) school days from the receipt of the decision at Stage 2. The official grievance record maintained by the Superintendent or his/her designee may be available for use by the Board.

(2) Within fifteen (15) days after receipt of an appeal the Board shall hold a meeting in Executive Session on the grievance.

(3) Within five (5) days after the conclusion of the meeting, the Board shall render a decision, in writing on the grievance. Such decision shall be promptly transmitted to the Association and the grievant.

d. Stage 4 - Arbitration

(1) After such meeting, if the teacher and/or Association are not satisfied with the decision at Stage 3, and the Association determines that the grievance is meritorious, it may submit the grievance to arbitration by written notice to the Board of Education within fifteen (15) school days of the decision at Stage 3.

(2) Within five (5) school days after such written notice of submission to arbitration, the Board and the Association will agree upon a mutually agreeable arbitrator competent in the area of the grievance, and will obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within ten (10) days, the Association may make a Demand for Arbitration in the format and manner prescribed by the Public Employment Relations Board. The parties shall then be bound by the rules and procedures of the Public Employment Relations Board in the selection of an arbitrator.

(3) The selected arbitrator shall hear the matter promptly and will issue his/her decision not later than thirty (30) calendar days from the date of the close of the hearings, or if oral hearings have been waived, then from the date the final statements and proofs are submitted to him/her. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning, and conclusions on the issues.

(4) The arbitrator shall have no power or authority to make any decision which requires the commission of an act prohibited by law or which adds to, deletes from, or in any way changes, alters, or modifies the terms of this Agreement.

(5) The decision of the arbitrator shall be final and binding upon all parties.

(6) The cost for the services of the arbitrator shall be borne equally by the Board and the Association.

(7) Nothing herein shall preclude the parties from agreeing to other procedures, including less formal procedures, for the submission of grievances to arbitration or for the scheduling and conduct of arbitration.

5. Rights of Teachers to Representation

6. Miscellaneous

a. All meetings involving grievances shall be held during either unassigned time during the school day or after school hours.

b. During the pendency of any proceeding and until a final determination has been reached, all proceedings shall be private and any preliminary disposition shall not be made public without the agreement of all parties.

d. All documents, communications, and records dealing with the

processing of a grievance, shall be filed separately from the personnel file of the participants.

e. Forms for filing grievances, serving notices, taking appeals, making appeals, making reports and recommendations, and other necessary documents shall be prepared and given appropriate distribution by the Superintendent so as to facilitate the operation of the procedures set forth herein.

f. If the parties find that there has been a misinterpretation of the Agreement or established policy on the part of the Association, its representatives, any members of the unit or the Board, the parties agree to take all steps appropriate and necessary to correct the error without delay.

g. The Association agrees that during the processing of a grievance under this Section's procedures and time limits, it shall take all steps necessary and appropriate to assure that all job responsibilities shall be fully and faithfully discharged and the status quo shall be maintained by teachers until the grievance is resolved.

h. In the event that, in the judgment of the Association a grievance affects a group or class of teachers, the Association may submit each grievance in writing to the Superintendent or his/her designee directly, and such grievances shall be disposed of in accordance with the procedure set forth commencing at Stage 2 above.

i. Unless the grievance is a class action grievance as defined in (h), the grievant shall appear at each stage.

j. Unless the grievance is a class action as defined in (h), the immediate supervisor or principal, whoever is most directly involved, shall appear at each stage.

k. All facilities grievances which cannot be resolved at Stage 1 must have a completed Building Requisition Form attached before they can be moved to Stage 2.

l. A joint committee composed of Association and District staff who administers the grievance process will provide training for all principals and building representatives

SECTION 15 WORK YEAR

1. The scheduled work year for members of the bargaining unit shall be no more than one hundred eighty-five (185) days.
2. As a condition of employment, new hires within the unit may be required to participate in up to five (5) additional days of District directed orientation and in-services.
3. No extension or increase of the work year shall be permitted either by advancing the beginning date, extending the closing date, adding to the total number of work days by reducing or altering legal holidays and/or vacation periods, or any other mechanism which would have the effect of adding to the total days prescribed by Board resolution or altering the vacation and holiday periods prescribed by Board resolution unless expressly provided for under the terms of this contract.
4. The Joint School Calendar Committee (Section 50) shall prepare the school calendar for the succeeding school year, provided that the calendar shall comply with the above.
5. The Joint Calendar Committee shall develop a schedule of make-up days as part of its responsibilities in developing each year's school calendar. If the Committee cannot agree on a schedule of make-up days for the following year's school calendar, a three-member panel consisting of the Superintendent, the Association President and a third member chosen by the two parties shall meet to resolve the dispute.
6. In the event that emergency conditions force the closing of schools and instructional days are thereby reduced to a total below the minimum required by law, the parties shall meet and come to an agreement on the specific dates to be employed for instruction in order to bring the total up to the minimum required by law. If the Committee cannot agree on a schedule of make-up days for the following year's school calendar, a three-member panel consisting of the Superintendent, the Association President and a third member chosen by the two parties shall meet to resolve the dispute.

SECTION 16

PROFESSIONAL DAY AND RESPONSIBILITIES

1. All teachers will be in their buildings fifteen (15) minutes before the opening session.
2. Effective July 1, 2016 the length of day for elementary teachers in K-2, K-6, K-7, and K-8 buildings and for K-6 teachers in K-12 buildings is 6 hours and 45 minutes, inclusive of the fifteen (15) minute early arrival time. The length of day

for secondary teachers in 7-12, 9-12 buildings and for 7-12 teachers in K-12 buildings is 7 hours and 15 minutes inclusive of the fifteen (15) minute early arrival time.

To the extent that this change results in additional time, such time will not result in additional teaching time. Such additional time will be used for individual or common planning time, as determined by the teacher.

3. Teachers recognize that their responsibility to their students requires the performance of duties that involve the expenditure of time beyond that of the instructional day. Teachers will be available for student and/or parent consultation, as well as for other professional activities and responsibilities.

4. Beginning with the school year 2013-14, Wednesdays shall revert to a normal instruction day. Teachers shall not be obligated to remain in buildings for any purpose beyond the normal instructional day on Wednesdays. A teacher's Professional Responsibilities (Domain IV of Danielson rubric) rating may not be downgraded as a result of absence from participation in voluntary activities held during off duty hours or off duty days.

5. Meetings shall be called only for matters that cannot be adequately covered by written communications. The District may schedule up to five (5) half-days per year of meetings consistent with the Time and Learning model (NCTL), gained by early release of students. These meetings may be used for collaboration and professional development. School-Based Planning Teams shall be involved in the implementation at each school. Additional time beyond this shall be strictly voluntary and for professional development credit. Itinerant teachers shall attend these meeting at their home school.

6. a. Bargaining unit members assigned to work as members of a Committee on Special Education (CSE) may perform such work on a flexible schedule of hours either beginning and/or ending later than the normal instructional day to permit the scheduling of CSE meetings that end no later than 6:30 pm on Monday through Thursday. Such scheduling shall be agreed to mutually between the respective bargaining unit members and administrators and shall not result in a workday longer than that specified in section 16.2.

b. Where the attendance of a teacher not assigned as a member of the Committee on Special Education is required at a meeting of the CSE, if such meeting is scheduled before or after the normal instructional day, the teacher shall be paid at the hourly rate as set forth in Section 47.2 for such additional time worked before or after the normal instructional day.

SECTION 17
DISTRICTWIDE PROFESSIONAL DEVELOPMENT

1. The District may schedule District-wide professional development sessions.
2. Attendance by individual teachers may be determined by said teachers according to each teacher's individual needs consistent with the District Professional Development Plan.
3.
 - a. The Professional Development Planning Committee (Section 50) shall develop proposals for the delivery of jointly planned professional development opportunities during the school year on Superintendent's Conference Days and other times and days mutually agreed to by the District and Association.
 - b. The Professional Development Planning Committee shall meet to determine the focus for two Superintendent's Conference Days. If the number of Superintendent's Conference Days varies (from four days) the Professional Development Planning Committee shall make designations proportionate to what is included in this section.

SECTION 18
DUTY FREE LUNCH PERIOD

All teachers shall be entitled to a duty free lunch period of thirty (30) minutes. Every effort shall be made to schedule lunch periods in the elementary schools so as not to begin before 11:30 a.m.

SECTION 19
ELEMENTARY SCHOOL PLANNING TIME

All elementary school teachers will be provided thirty (30) consecutive minutes of planning time per day. Planning time resulting from the use of teachers of music, art, physical education, and other special subjects shall constitute compliance with the foregoing. All efforts will be made to provide this planning time between the hours of 9:15 and 11:00 a.m. or 1:30 and 3:00 p.m.

This planning time may be used as common planning time for up to two (2) thirty (30) consecutive minutes per week and may also be used for grade-level meetings, coordination among Special Education and General Education teachers, collaboration among teachers or similar coordinating activities. There shall be a Building Committee agreement as to which one meeting per week is

mandatory and which one meeting per week is voluntary for all such meetings. Classroom teachers shall lead these meetings, with participation by school leaders, which are to focus on school goals related to student learning.

SECTION 20

PARENT-TEACHER CONFERENCES

1. It is recognized that some parent-teacher conferences may not be completed within the regular school day. Accordingly, there shall be four (4) parent-teacher conference dates each year.
2. Every effort shall be made to schedule the four (4) parent-teacher conference dates on separate days for elementary, middle and senior high schools. The Joint Calendar Committee shall schedule two (2) of the four (4) evening parent-teacher-conferences.
3. The other two (2) of the four (4) parent-teacher conference dates shall be established as a site option by the School-based Planning Team. The conference may be scheduled during the professional day or in the evening.
4. Teachers who have no conferences with parents scheduled on an evening date may choose not to attend and shall so notify their principal no later than the end of the school day on that date.
5. **Parent Conferencing** The District will provide time during the contractual day for the purpose of scheduled parent conferences as required by IEPs (Individual Education Plans). Such time will be provided to the primary special education teacher and the related service providers as indicated on the IEP. If a parent conference is scheduled during the instructional time provided by the teacher, the conference may be held with approval of the appropriate school administrator.

SECTION 21

TEACHER CONFERENCE AND VISITING DAYS

1. The purpose of this Section is to encourage teacher participation in professional development activities. If and when a bargaining unit member wishes to attend or participate in a professional development activity not directed or required by the District, whether the activity is offered by the District itself or by an agency or institution external to the District, the following conditions shall apply:
 - a. A request for absence shall be made by the bargaining unit

member in advance and in writing as to both purpose and time on the Request for RTA Conference Form to the Association Faculty Representative. Authorization for days of absence shall be determined jointly by the faculty representative and by the member's school principal or, if the member is assigned to Central Office, by the member's Central Office supervisor;

b. The aggregate number of absence days available under this Section shall be provided at the ratio of one day for every five (5) full-time equivalents assigned to the school or program (rounded up or down as appropriate)

c. The absence for the activity shall be considered a paid absence (no deduction)

d. The reasonable costs of the absence (such as fees, materials, meals and transportation) shall be paid or reimbursed by the Association from funds provided pursuant to this Section, and

e. When the member is a classroom teacher, the member shall be responsible for arranging for a substitute teacher in accordance with the principal's regular procedures for arranging substitutes.

2. At the beginning of each school year the District shall allocate to each school or independent program a sum of money equal to two hundred dollars (\$200.00) for every four (4) full-time bargaining unit members (rounded up or down as appropriate) assigned to the school or program. In addition, the District shall allocate a sum of money equal to two hundred dollars (\$200.00) for every four (4) full-time bargaining unit members (rounded up or down as appropriate) not assigned to a school or program. Bargaining unit members not assigned to a school or program shall include all special services teachers and itinerant teachers.

3. The total amount of money allocated according to subsection 2 hereof shall be paid by the District to the Association twice a year, approximately one-half on the day after Labor Day, and the balance on the day on which the second semester of the school year begins. The Association shall administer and use all funds thus received solely for the purposes set forth in subsection 1 hereof. All funds not spent at the end of the school year shall remain in the custody and control of the Association for administration and use in subsequent school years solely for the purposes set forth in subsection 1 hereof.

4. Within thirty (30) days of the end of each fiscal year, the Association shall provide an accounting for the receipt, administration and use of all funds provided hereunder during the fiscal year just ended, containing such information and in the form required by the District's Chief Financial Officer.

5. The Association agrees to and shall defend, indemnify and hold harmless the District from any and all claims or causes of action of any type arising from and relating to the Association's receipt, administration and use of the funds provided herein.

SECTION 22

TEACHER ASSIGNMENTS

1. Since pupils are entitled to be taught by teachers who will work within their areas of competence, teachers shall not be assigned, except temporarily and for good cause, outside the scope of their teaching certificate or their major or minor field of study.

2. a. Teachers who will be affected by a change in level of assignment (primary, intermediate) in the elementary schools, and by changes in subject assignments in the secondary schools, will be notified and consulted by their principal as soon as is practicable prior to a final determination being made. Such changes will be voluntary to the extent possible. If such changes are involuntary, seniority within the City School District shall be the basis for such changes. Every effort will be made to avoid reassigning probationary primary and intermediate teachers to different levels unless the teacher requests such change. It is understood that the phrase "subject assignment" refers not to assignment to teaching a particular course but instead to all or substantially all of the courses constituting a teacher's assignment.

b. A teacher who has served a minimum of two years in a cluster shall be eligible to volunteer out of the cluster. Vacated positions shall be filled by the next least senior teacher if there are no volunteers. Exceptions to the procedures set forth in this Section may be initiated by the District upon the showing of established special criteria or requirements in an area of academic need. Such exceptions shall be reviewed by the joint District-Association transfer committee. This provision shall not apply to schools restructured as middle schools.

3. Every reasonable effort will be made to limit secondary school teachers preparations to three (3) different preparations consistent with the nature of the subject area, the size of the department, the size of the classes, and the special offerings of the department.

4. In arranging schedules for teachers who are assigned to more than one (1) school, every effort will be made to limit the amount of interschool travel. Such teachers will be notified of any change in their schedule as soon as practicable. Itinerant teachers shall not be expected to visit more than two (2) schools per day without prior consultation.

5. Teaching assignments for all summer professional employment within the District will be advertised and applications made available to all teachers. Every effort will be made to place appropriately certified teacher unit members and teaching administrators in available summer school teaching positions.

6. Music teachers at the elementary level shall teach no more than 1350 minutes per week and no more than eight (8) class periods per day. The District will make every effort to provide, within the 1350 minutes per week, a minimum of five (5) minutes set-up time and passing time between each class assignment.

7. In elementary schools where there are split grade assignments, such classes will be staffed according to the following procedure: voluntarily from tenured staff assigned to that building; if there are no volunteers, split grade classes will be assigned to Lead or Professional teachers at the District's discretion. If Professional teachers are assigned to split grades, such assignment will be equitably made among eligible staff.

8. a. The District will provide special education teachers (including speech/language teachers and social workers who have required IEP writing/conferencing responsibilities) with one full day of release time or the equivalent for the purpose of writing IEPs, preparing for and holding IEP conferences with parents, preparing for annual reviews, etc.

b. Such release time will be scheduled with the approval of the immediate supervisor to meet the program needs. Nothing in this provision shall be construed as requiring all IEP-related release time to occur in full-day blocks.

9. The District shall notify the Association of any proposed changes in special education procedures at least thirty (30) days prior to the scheduled implementation of such changes if possible. No change in such procedures that is also a change in terms and conditions of work of unit members will be implemented without negotiating that change with the Association, unless that specific change is required by court order, statute or regulation.

10. **Library Schedules** In any school in which the library media specialist engages in formal instruction of groups of students, and where clerical support is not provided, the library/media specialist and the principal will discuss and agree on a library schedule that allows the library/media specialist to prepare for instruction and to complete library management responsibilities (including, but not limited to, ordering books and periodicals, unpacking, cataloging and shelving new library acquisitions, etc.) in a reasonable period of time. If the library media specialist and the principal are unable to agree upon a schedule, the School-based Planning Team shall determine the schedule for the coming year.

11. a. Teacher Coordinators of Special Education (formerly Special

Education Cadres) shall be assigned equitable student caseloads.

b. Teacher Coordinators of Special Education shall accept assignment to serve as CSE Chair at Central Office for up to a maximum of fifteen (15) times per school year.

12. Library/Media specialists may contribute to the annual evaluation of textbook clerks assigned to them, however, they may not be the primary evaluator(s).

SECTION 23

SECONDARY SCHOOL TEACHER ASSIGNMENTS

1. a. The normal weekly load in secondary schools shall be twenty-five (25) teaching periods and ten (10) preparation periods for one semester and either twenty-five (25) teaching periods, five (5) administrative assignments* and five (5) preparation periods or at the option of the teacher and with the approval of the principal, thirty (30) teaching periods and five (5) preparation periods for the other semester. For secondary school teachers, the present administrative assignment of five (5) administrative assignments per week for one semester may also include an equivalency during the school year not to exceed ninety-five (95) periods.

*All senior and junior class advisors shall be relieved of administrative assignments.

b. Secondary school teachers whose administrative assignments include academic classes shall not have homeroom assignments. Teacher preparation periods may be used for common planning time for up to two (2) thirty (30) consecutive minutes per week and may also be used for grade-level meetings, coordination among Special Education and General Education teachers, collaboration among teachers or similar coordinating activities. There shall be a Building Committee agreement as to which one meeting per week is mandatory and which one meeting per week is voluntary for all such meetings. Classroom teachers shall lead these meetings, with participation by school leaders, which are to focus on school goals related to student learning.

c. Science teachers shall be assigned to teach required labs for their courses if possible. When at least one class which has a lab is included in a science teacher's schedule, such teacher's weekly load shall not exceed twenty-four (24) teaching periods plus one lab preparation period and ten (10) preparation periods for one semester and twenty-four (24) teaching periods and one lab preparation period, five (5) administrative assignments and five (5) preparation periods for the other semester.

d. Science teachers may be assigned additional labs beyond those associated with their assigned classes as long as the teacher's load does not exceed limits set forth in Section 23.1. c. The teacher to whom the class (instructional periods) is assigned is responsible for planning, setting up the lab and grading lab reports. At the option of the teacher and with the approval of the principal, one or more labs may be assigned as an administrative assignment(s). Any science teacher who volunteers to teach more than twenty-five (25) periods as the administrative assignment shall not have a homeroom assignment.

2. Teachers of music shall be assigned no more than twenty-five (25) teaching periods a week. Secondary school teachers of health and physical education shall be assigned no more than twenty-five (25) teaching periods per week, five (5) of which may be in the department's after school program. Homeroom assignments and all administrative assignments within the physical education department shall be assigned on an equitable basis.

3. a. It is understood that where an alternative scheduling system is being implemented in Middle School programs (grades 6-8), such scheduling systems may vary from the scheduling systems utilized in secondary programs (grades 9- 12).

b. Every effort will be made to keep the teacher load in Middle Schools equal to the normal weekly load in the High Schools.

c. In a school in which block scheduling has been implemented, teachers will not be assigned more than three (3) blocks in a given day. Further, unless the teacher agrees to do so, no teacher will be assigned to teach more than two consecutive blocks without an intervening preparation period and/or duty free lunch period.

d. Under block schedule arrangements, teachers in the core academic subjects will be assigned no more than five (5) instructional groups in a marking period unless approved by the School-based Planning Team and the Association Representative Assembly.

e. The lengths of blocks, passing periods, homebase/homeroom, etc., will be determined by School-based Planning Teams.

SECTION 24

VACANCIES AND TRANSFERS

1. For the purpose of this Section, seniority shall be defined as the length of continuous employment in the area of certification in the District within the

bargaining unit and shall be computed from the last date of hire in the bargaining unit. In the event that a unit member accepts employment outside the bargaining unit, but remains in the employment of the District, s/he shall not accrue seniority for such service. However, should s/he return to the unit in his/her area of certification, s/he will recover all seniority within that area which s/he possessed prior to leaving the bargaining unit.

2. By the close of each school year, the Association shall receive a current appointment location seniority list including all of those unit members on approved leaves of absence as of May 1, of that year. Such seniority list shall be used for the purpose of implementing Section 24 for the succeeding school year.

3. a. Transfers to openings created by the filling of vacancies or to positions created by shifting pupil population, or due to staff attrition (resignation, promotion, retirement, or discharge) during a school year shall be filled for the succeeding school year as specified in Section 24.5 with the following exception:

If a regular contract substitute teacher is converted to probationary status prior to the deadline for the voluntary transfer process (Section 24.5), the School-based Planning Team may:

- (1) Endorse the retention of the teacher in that position, or
- (2) Declare the position "open for transfers."

The teacher retains the option of applying for other positions through the voluntary transfer policy. The exception specified here requires that the conversion to probationary status and the determination by the School-based Planning Team be completed prior to the deadline for the voluntary transfer process.

b. In the event that a transfer out of a school or school location is necessitated by a reduction in staff or shifting pupil population, such transfers shall be voluntary to the extent possible; if such transfers are involuntary in the secondary schools, the unit member with the least seniority within that certification area shall be transferred from that school or school location; in the elementary schools, the unit member with the least seniority shall be transferred from that school or school location. Bargaining unit members with more seniority may volunteer to be involuntarily transferred from a work location when a reduction in staff is needed. The most senior teacher(s) who volunteers to be involuntarily transferred shall be moved. Before September 1st of the subsequent school year, if his/her former position returns, the teacher who volunteered to be involuntarily transferred will have the choice to return.

4. A vacancy for the purposes of this Section is the initial opening for the succeeding school year at a school or school location for which a new hire is

required.

5. **Procedures** Members of the unit may file a voluntary transfer request by the last day of the first semester of each school year. Such requests must be received in the Department of Human Capital Initiatives by the above date. A separate application must be used for each school. The Association shall receive copies of all such requests. The parties agree to meet and review these provisions in October. All changes shall have the Agreement of both parties prior to implementation. Any changes to this Section shall be published in the District Bulletin Board and sent to all teachers.

a. **Exempting Positions and Schools from Voluntary Transfer**

By January 1st of each school year the Superintendent and RTA President may identify a number of specific positions and/or schools that will be exempted from the voluntary transfer process. The purposes for such exemption shall be to enhance the District's ability to recruit new staff, provide stability, and/or support organizational change as well as respect for a school's culture. Such positions and/or schools shall be mutually agreed to by the Superintendent and the Association President.

b. **Transfer Applications**

Teachers may apply for transfer to the remaining schools/positions per mutually agreed to procedures annually published in December and January, as follows:

(1) Secondary teachers may apply to a maximum of three (3) schools.

(2) Elementary teachers may apply to as many as seven (7) schools.

(3) The District shall forward the "Mid-Year Less Than Satisfactory Performance" list to the Association by January 15th or as soon thereafter as the information is available to the Office of Human Capital Initiatives. Teachers identified on the District's "Mid-Year Less Than Satisfactory Performance" list will not be eligible to exercise a voluntary transfer for the succeeding school year unless there is a successful appeal to the CIT Joint Governing Panel.

c. **Screening of Applicants**

(1) The District shall create criteria and training programs for staff before the screening process commences. These criteria are subject to review by counsel for both parties and shall meet acceptable standards of personnel

practices. Such criteria and programs shall be jointly approved before any screening of applicants takes place.

(2) SBPTs will screen completed questionnaires and resumes and determine whom they shall interview. SBPTs will establish a ranked list of transfers for their school after the interviews. SBPTs are not required to place every teacher who interviews on the ranked list. Teachers who are interviewed and not placed on the ranked list may receive the reason, upon request, to the SBPT. The remaining teachers will constitute the ranked list of voluntary transfer candidates for that school. If SBPTs so choose, they retain the right during the interview period to call in additional applicants from those who had applied to that school by the end of the first semester.

d. Excess Vacancies

While the ranked list is in place, schools are required to use the list when filling vacancies, except when the number of vacancies exceeds the number of teachers on the ranked list. In that case, schools can fill the excess number of vacancies with new hires upon prior approval of appropriate administrator(s).

e. Placement Meetings

The District agrees to conduct placement meetings before the end of the teacher work year at which transfers will occur. The parties shall agree on the number of meetings, the dates and times. The yearly process at these meetings shall be:

(1) Round 1: Voluntary transfers occur first.

(2) Round 2: Unfilled vacancies and openings created by transfers completed in Round 1 are available to involuntarily displaced unit members. These unit members select by seniority.

(3) Round 3: Remaining openings will be filled using ranked lists generated by SBPTs.

(4) Round 4: Any remaining transfer candidates not placed in Rounds 1 through 3, may select by seniority from any remaining positions.

f. All ranked lists expire the day before the posting period.

g. (1) Involuntarily displaced unit members remaining after Round 4 (Section 24.5.e (4)) shall select from available openings based on seniority consistent with procedures contained herein. The Human Capital Initiatives Department shall offer all available vacancies to remaining displaced

teachers prior to posting.

(2) A posting period for all schools and positions, including those earlier exempted, shall begin on the day of school and continue to thirty (30) calendar days. During this period vacancies shall be available to unit members who apply for such a position and possess the necessary certification and shall be assigned on the basis of seniority unless the teacher is not permitted to participated in the voluntary transfer process (Section 24.5b(3)).

h. If an involuntary transfer fails to choose a position in a school that has a vacancy prior to the first Friday in August, that unit member will be assigned by seniority. Failure to choose at that time shall result in a position being assigned by the District.

6. Group Transfers

A group of teachers, for the purpose of this section, is defined as two or more teachers who may or may not be in the same tenure area and who wish to transfer together to a new school and who propose to use a research based program with verifiable student achievement results at the new school.

Such groups shall submit written proposals to the Joint Living Contract Committee by the end of the first semester along with voluntary transfer application requests. The Joint LCC will determine whether to approve the group transfer proposal.

Following the staffing exercise with the Association in attendance, the District will identify schools that have available positions to accommodate such groups. Between the end of staffing and prior to Placement Days, the groups will present their approved proposal to the School-based Planning Teams at the identified school(s). The SBPT shall notify the Human Capital Initiatives Department if a match between the group and the school is found. The District shall not post the positions to which the group will transfer at Placement Days. The positions to be vacated by the group transferees shall be posted at Placement Day.

7. For schools that are classified as low performing, such as SURR or SINI, according to either State or Federal laws/regulations or the Superintendent's Annual Report, the District/school may propose to the Joint Living Contract Committee the availability of openings set aside for either Lead Teacher Mentors or National Board for Professional Teaching Standards (NBPTS) teachers. These openings will be set-aside during the annual staffing process conducted by the Human Resource Department with the Association in attendance. It is understood that these openings will become available to any teacher after Round I of the Transfer Section 24.5.e.1. Teachers accepting such placement will qualify for Section 52.13 or Section 59.1 benefits and the Teachers of Tomorrow grant.

8. Voluntary transfers shall be contingent upon recommendation and approval of a mutually agreed upon building-based screening committee. The make-up of this committee and its review procedures shall be agreed upon by the Joint Committee on Transfers.

9. In the event the vacancy exists for which no member of the bargaining unit who is certified applies, then the least senior person in the bargaining unit who is certified to fill such vacancy shall be assigned to that position, provided the District does not employ a new hire to fill such a vacancy.

10. The Association shall receive notices of transfer as they are made. The Association upon request shall receive a written explanation of the reasons for such transfer and/or the reasons for which an individual unit member was not so transferred. Such explanation shall indicate the contractual provision(s) applicable to such transfer or request for transfer.

11. Exceptions to the Vacancies and Transfers policy and procedures set forth in this Section may be initiated by the District upon the showing of established special criteria or requirements in the area of academic or extra-curricular need or Title 1 comparability standards.

12. For the purpose of providing locker room supervision at the secondary level, gender balance must be considered in transfer decisions for physical education positions, e.g., the staff should be 50% male and 50% female plus or minus one position.

13. For purposes of transfer, unit members who have been recalled from lay-off shall be treated as new hires.

14. The District will ensure that each school's profile is updated and available on the District's website annually prior to Winter Recess.

15. The District shall provide to the Association on or before January 15th of each year a listing, to the extent possible, of tentative openings for the succeeding school year. This list shall also include vacancies due to expansion in the number of teachers due to federal, state, or local initiatives, additions to current buildings, and opening of new schools.

16. Involuntary transfers shall be grievable except when made pursuant to Section 50.

17. The teacher constituency of SBPTs may, at its discretion, participate in interviewing new hire candidates.

SECTION 25 PROTECTION OF TEACHERS

1. **Assault and Battery Cases**

a. The Board shall maintain a policy of public support of prosecution of offenders in all cases of assault and/or battery upon teachers while engaged in the performance of their duty.

b. Teachers shall be required to report, in writing, all cases of assault and/or battery suffered by them in connection with their employment to their principal, or immediate supervisor, and the Association Building Representative. This report will be forwarded immediately to the Superintendent who in turn shall report the information to the Board.

c. The Superintendent, his/her representative or the Counsel, shall inform the teacher, immediately upon receipt of the report of assault and/or battery, of his/her rights under the law and shall provide such information in a written document.

d. Teachers who have been assaulted, where that assault is the subject of a long-term suspension hearing, may request to be accompanied at the hearing by an Association Representative. To the extent possible the teacher will give the District legal counsel prior notice of the request to be accompanied. The District legal counsel will support the teacher's request before the Hearing Officer and the Hearing Officer's disposition of that request will be on the record.

e. Any teacher who is the victim of an assault may apply for transfer to the next available open position at another work location in his/her certification area. Applications will be reviewed by a joint District-Association committee which will develop criteria and procedures for such transfers by January 31, 1994. Such transfers will be for the remainder of the school year, at which time, the teacher may apply through the voluntary transfer process for any bona fide opening that exists in the District, in accordance with the provisions of Section 24 of the contractual Agreement.

f. If the District has determined that an assault on a teacher has occurred, the student will not be returned to that teacher's class without the consent of the teacher.

g. Consistent with existing District policy, if a teacher has been assaulted by a parent/guardian that parent/guardian shall be required to schedule any appointment or visit to the school in advance with the Principal of the school. The date, time and purpose of that meeting or visit shall be communicated to the assaulted teacher.

2. In Other Than Assault and Battery Cases

a. The Board shall provide legal counsel, and pay court costs, and judgments related to any administrative or judicial proceeding or suit involving a teacher who has acted in the discharge of his/her duties within the scope of his/her employment. The teacher must, however, deliver copies of any legal papers served upon him/her to the Office of the Board's Counsel not later than five (5) days after service. Disciplinary proceedings under the Education Law involving teachers shall be excluded from the provisions of this Section.

b. Pursuant to Section 3023 of the Education Law . . . "It shall be the duty of each Board of Education . . . in any school district having a population of less than one million . . . to save harmless and protect all teachers, practice or cadet teachers, and members of the supervisory and administrative staff or employees from financial loss arising out of any claim, demand, suit, or judgment by reason of alleged negligence or other act resulting in accidental bodily injury to any person or accidental damage to the property of any person within or without the school building, provided such teacher, practice or cadet teacher, or member of the supervisory or administrative staff, or employee at the time of the accident or injury was acting in the discharge of his/her duties within the scope of his/her employment and/or under the direction of said Board of Education."

c. If a complaint against a teacher is not sustained, s/he shall be reinstated with full reimbursement of all compensation lost.

d. When a teacher acting in the discharge of his/her duties within the scope of his/her employment is involved in an administrative or judicial proceeding that requires meeting during the school day, s/he shall be released with full pay and the time shall not be charged against sick leave or personal leave time. The Board shall pay the full cost of all substitute teachers involved.

3. Consistent with current Board policy revised November, 1993, in addition to taking appropriate school level action, the District shall notify the appropriate law enforcement agency for all of the following offenses: possession of any firearm; brandishing of a weapon or possession of a weapon; the assault on any student or staff member; arson or attempted arson; the sale, distribution, possession or use of any controlled substances, imitation controlled substances, or alcoholic beverages; the possession or the discharge of an incendiary device including firecrackers or other similar materials; and any other criminal offense that represents a danger to the safety of students or staff. Possession of a weapon will result in a student referral for a long-term suspension, in all cases.

4. a. The Association agrees to participate with the District in the design and implementation of Intervention and Support Programs for students

who, following Education Law procedures, have been suspended from instruction in excess of five (5) consecutive days.

b. The Association and the District agree that an Intervention Program should include, but need not be limited to, parent conferencing, weapons diversion, conflict resolution and counseling to respond to a student's developmental needs. The design should address plans to provide continuing student support upon returning to a regular school setting and would include, but not be limited to, the sharing of information with teachers and appropriate school personnel, as in Section 27.7, so as to enhance opportunities for student success in a regular educational setting.

SECTION 26

PERSONAL INJURY BENEFITS

1. Coverage

All teachers are covered by Workers' Compensation Insurance which protects them in case of accidents while on duty. In the event of such an accident, the teacher shall immediately notify the principal so that the proper forms may be executed by the school authorities and attending physician.

2. Assaults

For purposes of this section, an assault occurs when a student, or a person in the student's immediate family as defined in this collective bargaining agreement (Section 41.9), with intent to cause physical injury to a bargaining unit member, or to another person, causes physical injury to a bargaining unit member or when a student recklessly causes physical injury to a bargaining unit member.

3. Procedure

a. Should an assault occur on a unit member as determined by the Labor Relations Department resulting in disability causing loss of time, the unit member shall be paid in full for a period up to six (6) months; this period may be renewed for successive periods of up to six (6) months each only upon certification by a District physician that the unit member continues to be disabled and cannot perform any duties as a teacher or teacher on assignment for the District.

b. Any unit member who receives assault pay under this Section shall receive full salary during said disability for a period extending from the date of the disability up until the end of the third full semester after the date of his/her eligibility for a full service retirement. A full service retirement shall be defined as retirement with no age penalty or other reduction. At the end of the third full semester after

the date of his/her eligibility for a full service retirement, the unit member shall have the choice either to retire or to apply for unpaid leave or catastrophic leave under this Agreement.

c. Any unit member who makes a claim for assault pay benefits under this section shall complete the assault report form and forward it to the principal within seven (7) work days of the loss of time caused by the claimed assault to then be forwarded to the Labor Relations Department. Unit members who are absent from school as a result of injuries suffered in an assault and for which they have filed an assault report form shall indicate or shall cause to have indicated "assault" on the absence report form which is forwarded to the Payroll Department and/or on the District's Time and Labor reporting system.

d. Paid absences pursuant to this Section shall not be deducted from the unit member's personal illness allowance or accumulated illness allowance that s/he is entitled to and provided under this Agreement, unless it is determined that an assault has not occurred.

e. Assault pay benefits shall be offset by income earned by the bargaining unit member as a result of other employment.

f. If assault pay benefits are denied based on certification by a District physician, the medical report(s) will be given to the unit member and, upon proper medical release by the unit member, to the Association.

g. The District shall have the right to assign other professional duties to teachers receiving assault pay.

4. Reimbursement

a. The District will reimburse teachers for the reasonable cost of any clothing, dentures, eyeglasses, hearing aids, or other similar items which are damaged or destroyed as a result of an assault and/or battery suffered by a teacher while the teacher is acting in the discharge of his/her duties within the scope of his/her employment.

b. Further, the City School District, as provided by Section 3023 of the Education Law, shall save harmless teachers and employees from bodily injury and property damage claims arising out of all activities performed in the course of their employment.

5. a. The District shall include three Association appointees in the annual Code of Conduct review.

b. Each Principal shall meet with the Association Faculty

Representative(s) to establish a procedure for informing the representatives of assaults, suspensions, thefts and other violations of the Code of Conduct. Student names may not be shared in all cases.

c. Whenever there is a police report germane to a 16-year-old or older student's long-term suspension, it is the home school's responsibility to transmit this to the student's new location as part of the suspension process.

d. Crimes committed in schools will be pursued as crimes committed elsewhere, to the extent the District has the right to press charges for those crimes. In all other events, the District will fully support the teacher who chooses to press charges on his/her own behalf.

e. In order to provide for early intervention for students, the adoption of any school-wide character education or behavior intervention program shall be included in the school's School Comprehensive Educational Plan that is subject to SBPT approval.

f. The District and the Association shall hold joint inservice for principals and Association Faculty Representatives about SAVE legislation and associated contractual provisions.

SECTION 27

TEACHING CONDITIONS

1. Teacher Responsibility (Involvement)

a. The Association and the Board recognize the need for the involvement of teachers in the development of school groupings and department groupings, new curriculum, inservice programs, and the selection of textbooks and instructional materials. Accordingly, administrative proposals in the foregoing areas shall be reported to the appropriate staff for their ideas and suggestions which shall be considered by administration in the process of reaching a decision on whether or not to implement such proposals. Teachers shall have the right to initiate discussions relative to school and department groupings, new curriculum, inservice programs and the selection of textbooks and instructional materials.

Before the District obligates bargaining unit members to additional, new record keeping tasks--technological or paper-related—beyond existing contractual requirements, it shall meet with and seek the endorsement of the Association about the planned implementation and requirements. Three overarching questions shall be addressed at these discussions:

Is this necessary and/or required?

Is this being implemented efficiently?
Has adequate work time for bargaining unit members been allowed?

b. **Lesson Plans:** The District and RTA recognize that lesson plans are a professional expectation and are integral to teaching. Teachers shall prepare and maintain lesson plans.

2. **Optimum Use of Teachers and Facilities**

The parties recognize that the availability of optimum school facilities for both student and teacher is desirable to ensure the high quality of education that is the goal of both the teacher and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at ensuring that the energy of the teacher is primarily utilized to this end.

3. The Board shall make every reasonable effort to provide substitute teachers so that whenever a teacher is absent the class will be covered by a substitute teacher.

4. When it is necessary to assign teachers to cover classes during their preparation periods, every effort shall be made to equalize such assignment.

5. As part of the existing policy, daily lesson plans shall be available for substitute teachers.

6. Where cumulative records, as well as IEPs are not available for a transferring student, the receiving teacher will be informed of the student's prior school, grade level, and other pertinent information, as well as the status of the cumulative record request.

7. For any student referred for serious discipline reasons (e.g. violence, sexual harassments, threats or intimidating behavior toward a teacher) the school shall schedule and conduct a conference with the parent/guardian, teacher, principal, and all other appropriate staff, including an RTA Faculty Representative of the teacher's choice.

8. Consistent with existing policy related to parent-teacher communication, teachers will maintain up-to-date student grades and progress in PowerTeacher or its successor program.

SECTION 28
TEACHER FACILITIES

1. The District recognizes that adequate supplies and materials are

essential for an effective instructional program. Therefore, the Board shall provide adequate facilities, equipment, supplies, and teaching materials for all teachers to carry out the instructional program in each school. If possible, such items are to be available in sufficient time prior to the initiation of a dependent instructional program.

2. Teachers shall have safe and healthful conditions under which to carry out their professional duties.

3. The Board shall make every effort to provide free, adequate school parking facilities for teachers.

4. During orientation meetings for new teachers, procedures for requisitioning equipment and supplies shall be outlined.

5. The Board shall make available in each school a reasonable number of rooms (but at least one) appropriately furnished which shall be reserved for faculty use.

SECTION 29 FEE COLLECTION

Fee collection in the schools shall not require involuntary teacher participation.

SECTION 30 REGULAR TEACHER AS A SUBSTITUTE

Regular teachers shall not be expected to assume substitute teacher duties except with the teacher's consent or in emergency situations.

SECTION 31 EXTRACURRICULAR ACTIVITIES

Participation in extracurricular activities for which no additional compensation is paid shall be strictly voluntary.

SECTION 32
CLASS SIZE

1. Every effort will be made to adhere to the lower limit of the class range set forth below. When school organization information is made available in the spring, elementary school principals shall review and discuss this information first with the Association's Building Representative(s) and then with the faculty members. Secondary principals, their designee or department chairman shall review and discuss this information with the faculty members of each department. A representative of the Association may attend as an observer at the conference at which the high school principal and the Superintendent, or designee, initially plan tentative school reorganization for the fall and any further meetings at which the results of this initial planning are altered. Classes larger than the maximum must be approved by the Superintendent, or designee, and a disagreement over whether such an exception is justified shall be subject to the Grievance Procedure which shall be initiated at Stage 2 thereof.

2. Elementary Schools

a. The District shall make every reasonable effort to continue to reduce class size in kindergarten through grade 3 to 22 students per class on a school by school basis to the extent space is available in each school.

b. In no event shall any class exceed 26 students in kindergarten through Grade 6.

c. Every effort will be made to staff elementary classes according to the following ratios:

Kindergarten.....	1:21
Grades 1-3.....	1:22
Grades 4-6.....	1:25
L.E.A.P.....	1:22
Bilingual 1-3.....	1:22
Bilingual 4-6.....	1:25

d. In elementary schools where class size average at any of the following grade levels exceeds 25.0, a half-time (0.5 FTE) paraprofessional shall be assigned to each grade level exceeding the limit:

Kindergarten
Grade 1
Grade 2
Grade 3

e. In elementary schools where class size average at any of the following grade levels exceeds 26.0, a half-time (0.5 FTE) paraprofessional shall be assigned to each grade level exceeding the limit:

Grade 4
Grade 5
Grade 6

f. If the identified grade level has greater than 90 students, the grade level shall be allocated a full-time (1.0 FTE) paraprofessional.

g. In a school where a paraprofessional vacancy exists for which a new hire is required, the teacher(s) allocated the resource shall be involved in the interviewing process.

h. Every reasonable effort shall be made to eliminate split grades. A split grade class required by class organization shall be assigned a half-time paraprofessional when class size exceeds 22.

3. **Special Education Classes**

a. Class sizes in Special Education classes will be at levels consistent with the State Education Department Commissioner's Regulations.

b. **Mainstreaming** The City School District will make every effort at each school site to assign and schedule mainstreamed students on an equitable basis within the school, department, and subject area. A copy of the Phase 1 IEP shall be made available to the teacher of a mainstreamed student before the student enters the class, or as soon thereafter as is administratively possible. All placements of mainstreamed students shall be made in accordance with Commissioner's Regulations Part 100 and 200 and District policy and procedures.

c. No more than 25% of any regular education class shall consist of special education students from one or more self-contained special education classrooms. When such special education students are scheduled into a regular education class, the appropriate support as indicated on each student's IEP shall be provided.

d. **Consultant Teachers** Where possible, in a given year, elementary consultant teachers shall be limited to no more than two grade levels. Every effort will be made to provide for a daily common planning time for the general education and consultant teacher who share the same students.

4. **Secondary Schools**

a. Commencement Level (Grades 10-12)

The maximum class size at the Commencement level shall be 29 pupils except for the following:

Typing/Keyboarding.....	30-40	Pupils
(Class size, however, shall be limited by the number of functioning work stations)		
Technology.....	22-24	Pupils
Drafting.....	30	Pupils
Vocational Shops.....	22-24	Pupils
Family & Consumer Sciences.....	22-24	Pupils
Music (Grades 7-12).....	35	Pupils (Maximum)
Art.....	24	Pupils
Physical Education.....	38	Pupils (Maximum)
Adapted Physical Education.....	15-25	Pupils

b. As the District eliminates non-regents courses in those subjects for which regents courses will be required, the existing 1996-97 average maximum class size between such non-regents and regents courses in each subject area shall be maintained. No Regents class size shall exceed 29.

5. **Non-Regents Classes**

Class size limits shall be 24-28 in the following Non-Regents classes:

English.....	7,8,9,10,11,12*
Social Studies.....	7,8,9,10,11,12*
Mathematics.....	7,8,9,10,11,12*
Science.....	7,8,9*
Biology.....	10*
Chemistry.....	11*
Physics.....	12*
Business Education - General Business.....	10,11*

*Not Roman numeral designations

6. **Foundation Academy (Grades 7-9)**

a. Academic classes which are organized in clusters of teachers shall have a maximum pupil load of 140 in a five-teacher cluster and 112 in a four-teacher cluster. Cluster assignments shall be considered one teaching preparation.

b. In grades 7, 8, and 9, the class size maximum is 28 unless a

school's SBPT approves unique configurations.

7. ESOL

Maximum teaching load for ESOL teachers will be as follows: with paraprofessional - 75 students; without paraprofessional - 60 students.

8. Elementary art teachers shall work with one-half of regular education and inclusion classes that exceed an enrollment of fifteen (15). Self-contained special education classes shall be scheduled into art as a single or separate class and not combined with any other full or partial regular/general education or inclusion class.

**SECTION 33
FLEXIBLE LENGTH OF PUPIL DAY**

1. The Superintendent and the Association President make a joint commitment to create a significantly more responsive instructional delivery program which recognizes that some students require more time to demonstrate their knowledge and competence; and some students may require less. In short, the parties hereby agree to extend and enhance the Superintendent's Pathways Initiative so that students at all levels and ages will be guaranteed that quality instruction will be provided within a variety of time configurations.

It is estimated that as many as half our students need additional time or more concentrated time to master NYS Learning Standards. This Agreement affirms the "right to succeed" for those students.

In order to affect these significant changes on instructional delivery, the following features will be considered:

- each child's needs must drive the provision of instructional time
- some students need more time to master standards, some less--one size does not fit all students
- the parties will develop ways to provide what each individual child needs to ensure academic success
- student needs for additional or concentrated instructional time will be determined based on objective criteria, i.e., formal assessments and student performance data
- families will be involved in the choice of how a student's additional instructional needs may be met
- additional instructional time to ensure student success will be scheduled primarily at the school level, in order to increase responsiveness to individual student needs
- additional instructional time configurations may include, but not be limited to, before and after school sessions (Regents and Homework

Academies); "winter school"; summer school; vacation/weekend sessions; etc.

- some additional time provisions may be short-term, i.e., intensive preparation/review work for NYS assessments scheduled in the weeks/months immediately prior to such assessments
- all students will have access to additional instructional time
- although some students might need less time to meet instructional standards, the increased instructional time achieved through the August 2000 contract would become the new baseline or minimum provided to all students
- because individual student needs will drive the provision of additional instructional time, flexibility will be an essential feature of any school level program

Consistent with these views, not all teachers would need to be engaged in providing the extended instructional time. This Agreement suggests that new ways of configuring the school day and new approaches to scheduling existing teacher time are necessary. For example, a school may determine that some staff members work different hours so as to extend the instructional day until 5 p.m.--or begin it at 7 a.m.

Teacher participation in the provision of *increased* instructional time will be by an application process designed to match the most capable practitioners with students who need the additional or intensive time to master learning standards. Such teachers, after being selected, will receive additional compensation for their duties beyond the normal contractual time.

2. Implementation

The parties agree to convene a joint work group to determine the specific details and operational guidelines for this plan no later than October 15, 2000. The work group will include teachers and administrators from all levels, as well as parents.

The implementation report shall include, but not be limited to the following:

- a. Timeline for implementing all features of the plan
- b. A broad array of possible additional time configurations as well as those configurations which would be available district-wide at each level
- c. Per pupil cost projections for implementation
- d. Program assessment/reporting requirements

- e. Parent engagement procedures to ensure communication and choice
- f. Alignment with Pathways Initiative to ensure congruence

Overall, this Agreement acknowledges what educators have long known: students learn and develop at different rates. Instead of the traditional school system's assumption that all students learn at the same rate, we are creating a way of making the system focus on individual student needs so that individual student success is the product--no matter how much time that takes.

SECTION 34 REPORTS TO PARENTS

1. Each school may develop its own report card system subject to the approval of the Superintendent or his/her designee. The system shall include a report that reflects the student's progress in the instructional program of that school.
2. It is understood that nothing in this clause shall preclude any school from developing its own report card system provided such arrangement is mutually agreeable with the building teaching staff, building administration and appropriate Central Office personnel.

SECTION 35 PROBATIONARY PERIOD

The probationary period for teachers will be consistent with New York State Education Law.

SECTION 36 OBSERVATION AND EVALUATION

The following shall govern all teacher observations and evaluations:

1. a. Evaluations and observations shall be made by personnel assigned to a position which includes responsibilities for the evaluation and observation of staff.
- b. Final evaluations of a teacher must be based upon at least one

or more observations conducted by one or more members of the District staff.

2. By mid-September, or within two (2) months of a teacher's or administrator's beginning service, the administrator or his/her designee shall:

a. Inform the teacher of the purpose and procedures used in the evaluation of teachers prior to any evaluation.

b. Review the forms used in the evaluation process.

3. All observation of work performance of a teacher shall be conducted openly, with full knowledge of the teacher. The use of public address or audio systems and similar surveillance devices shall not be used for this purpose.

4. The formal observation by building level personnel will be for a teaching segment of time no less than thirty (30) minutes.

a. Formal observations by building level personnel shall be reduced to writing and delivered to the teacher observed within five (5) days of the date of observation. Within five (5) days of the date of the observation a pre-observation conference is mandatory. In addition, a post-observation conference is mandatory. If requested, an Association representative may attend. The formal observation may be amended by the building level personnel at the time of the conference.

b. Formal observations by building level personnel or CIT Peer Reviewer of non-tenured teachers unless waived by the teacher concerned shall be a minimum of two (2). The first observation shall be no later than November 30th; the second to take place no later than April 30th. Observations of tenured teachers shall take place no later than April 30th.

5. A teacher shall be given a copy of the final evaluations prepared by his/her supervisor upon request. No such report shall be submitted to central administration, placed in a teacher's file or otherwise acted upon without prior conference with the teacher. A teacher will be entitled to have a representative of the Association present with him/her at the conference.

6. Final rubric evaluations for probationary teachers will be submitted to and discussed with the teacher no later than May 15th. Final rubric evaluations for tenured teachers shall be submitted to and discussed with the teacher no later than June 1. Beginning with school year 2012-13, the final APPR Composite Score shall become part of the teacher's personnel file.

7. a. All observation and evaluation forms shall require the signature of the evaluator or observer and the teacher. These standard forms shall contain

the statement "I have read and (do/do not) agree with the above," followed by space for the teacher's signature.

b. The teacher shall also have the right to submit a written reply to such material and attach it to the file copy.

8. No material derogatory to a teacher's conduct, service, character or personality shall be placed in his/her personnel file unless the teacher has signed such material indicating s/he has had the opportunity to review it. This clause shall not apply to:

a. Reference information supplied by former employers.

b. Reference information supplied by colleges and universities.

c. Reference information as required by the local promotional procedure.

The teacher shall also have the right to submit a written reply to such material and attach it to the file copy.

9. No observation or evaluation form of any kind shall become part of a teacher's personnel file unless it has met the above conditions.

10. a. A teacher shall have the right upon request and by appointment to review the contents of his/her personnel file wherever maintained except information supplied by reference sources. A teacher will be entitled to have a representative of the Association accompany him/her during such review.

b. No agency or group or Association representatives shall have access to a teacher's personnel file (wherever maintained) without prior consent of the teacher.

c. The District shall maintain a list which shall become part of the personnel file of all personnel who review the teacher's personnel file, which list shall contain the name of the individual and the date reviewed. An individual not known to the custodian of the file shall be required to identify himself/herself prior to gaining access to the file. No access except as provided herein to a teacher's personnel file shall be permitted.

11. No individual or group (other than those designated in Section 36.1 of this Agreement) shall enter a classroom without prior consent of the principal.

12. A teacher may request an observation or evaluation be made by an appropriate Central Office staff member at any time during the school year.

13. Tenured teachers who are not subject to Education Law Section 3012-c or Section 3012-d may select the traditional 2009 PART/Summative Appraisal according to Section 52.7a-c of this Agreement and shall not be subjected to formal observations by supervisors except for good cause which is to be explained to the teacher prior to the scheduling of such observations or unless the teacher requests that a formal observation be conducted.

14. The parties agree that the new APPR Evaluation System developed is in compliance with Education Law Section 3012-c or Section 3012-d and Commissioner's regulations. Any conflict between Section 36 and any new evaluation system shall be governed by the parties' agreement creating that evaluation system.

(1) In order for the District to remain reasonably competitive with the top one-third of school districts in the Monroe County region with respect to teachers' salaries at designated career junctures (e.g., entry level, 5 years experience, 10 years experience, etc.), the parties agree that the most recent average annual increase of salaries across those top districts shall provide the basis for design of a formula intended to inform bargaining for specific increases in salaries for unit members.

(2) To implement this provision, the parties shall first determine the most recent average annual salary increase across the top districts by utilizing

current data and an agreed upon methodology, and shall then apply the result in an agreed upon manner so as to achieve reasonably competitive salaries for unit members, particularly at the designated career junctures. Consideration may be given to what other significant changes were achieved during the negotiations for these benchmarking salaries.

(3) Either party may submit a demand for bargaining on salary matters, separate from and instead of using the formula to be developed as a result of this provision. Such a demand shall be submitted to the other party within ten (10) days of the adoption of the NYS budget, but in no event later than August 15 of any year.

(4) If the parties have not reached agreement on the formula, its application or distribution, or have not reached a successor Agreement, by August 31, 2018, all unit members shall advance on the salary step listing as set forth in Section 46.3b. of this Agreement. The parties will continue to utilize the collective bargaining process as defined in Article 14 of the Civil Service Law until an Agreement is reached. The salary advancement defined in Section 46.3b. is not intended to be in lieu of a settlement, but only the salary continuation under Triborough while negotiations continue.

(5) The parties agree that salary Agreements reached subsequent to procedures in subdivision 4 and/or 5 above being employed shall be retroactive to July 1st of the year such measures were employed.

(6) The parties have determined that the salary benchmarking formula for school year 2015-16 is 3.61%. Increases of 3.61%, inclusive of the Triborough increases already applied, shall be applied to the 2015-2016-salary schedule (Appendix A) retroactive to July 1, 2015. The District and the RTA shall continue the 3.61% increase for school years 2016-17 and 2017-18 unless the parties agree to adjust the benchmarking.

(7) Salary schedules are set forth in Appendix A.

(8) A Joint RTA/RCSD Salary Committee, co-chaired by the Superintendent and the Association President, shall be formed to examine the viability of factoring into the salary schedule comparability with other professions with educational requirements and responsibility comparable to those required of teachers.

b. Advancement

Salary advancement pursuant to subdivision (5) of the Salary Benchmarking Formula shall be effective as follows: for unit members, such advancement shall be to the next higher salary set (see Appendix A), and shall

The District's salary placement guidelines shall be congruent with the new salary schedule.

Reimbursement shall occur within one month following receipt of such confirmation. The rate of reimbursement is discretionary with the Superintendent but shall not be less than the lowest rate for comparable course offerings at an area college or university. Requests for and approval of such courses must be made in writing at least thirty (30) days prior to the beginning of the course. Such approval is discretionary with the Superintendent.

c. The selection criteria as established by the CIT Panel for Lead Teacher candidates shall reflect the professional expectations for teachers contained in the 1989 PART report (see Appendix C).

d. Promotion to School-based Lead Teacher status shall include a 5% salary increase in addition to any regular salary increases.

e. School-based Lead Teachers selected through this process shall be the first candidate pool for all other specific lead teacher positions. Applications for such positions will be voluntary.

f. School-based Lead Teachers selected through this process shall be expected to assume the following responsibilities:

(1) Agree to accept assignments which meet school needs regardless of contractual/seniority rights. Such determination shall be made by the SBPT and reviewed by the CIT Panel. The Lead Teacher will have the right to provide input to the CIT Panel as part of the review.

(2) Agree to provide instructional leadership by facilitating/delivering professional development.

(3) Model effective practice in his/her own classroom for building colleagues.

(4) Agree to undergo professional practice review every third year or, for good reason, at the request of the CIT Panel.

(5) Provide professional support to colleagues as indicated in Section 54 of this Agreement.

g. In addition, School-based Lead Teachers may either mentor one first year teacher, provide intervention support to one colleague, or accept a comparable assignment consistent with Lead Teacher responsibilities.

h. The duties of each Lead Teacher shall be reviewed by the CIT Panel to ensure compliance with the intent of this section.

14. Lead Teachers who are not activated may accept assignment to low performing schools and shall earn an additional \$2,500 (Section 59.2).

15. **Savings Clause**

This Agreement and all provisions herein are subject to all applicable laws. In the event any provision of this Agreement is held to violate such laws, said provisions shall not bind either of the parties but the remainder of this Agreement shall remain in full force and effect as if the invalid provision had not been a part of this Agreement.

SECTION 53

INTERVENTION, REMEDIATION AND PROFESSIONAL SUPPORT

1. The Intervention and Remediation component of the CIT Plan is designed to offer all available resources to help improve the performance of experienced teachers who are having serious difficulties in the performance of their professional duties.
2. A teacher can be recommended in writing for Intervention and Remediation by a building principal, other appropriate supervisor or teacher constituency of the SBPT meeting as a separate group. Such written recommendation is appropriate when a teacher's performance is less than satisfactory. It is expected that such recommendation shall be initiated after reasonable efforts have been made to assist the teacher. The referral for Intervention and Remediation may contain a recommendation as to a plan for remediation and indicate whether a withhold of all or part of the total next salary increase or any other action is warranted.
3. In acting upon the written referral, the Panel may avail to the referred teacher, and to the building principal and/or other appropriate supervisors, an opportunity to appear before the panel or its representatives to provide information germane to the recommendation.
4. The CIT Panel shall vote to accept or reject the referral for Intervention within thirty days of receipt of the referral and state its reasons therefore. If the Panel votes to accept the referral, the Panel shall prescribe a plan of remediation which may include, but is not limited to, assistance by a Lead Teacher, mandatory inservice, or other professional studies, participation in the EAP, etc. Independent of the authority of the Superintendent in Section 46, the Panel shall have the authority to impose full or partial salary withhold during the period of intervention and remediation. When a referral of a teacher rated "Ineffective/Unsatisfactory" is supported by the CIT Panel review, full salary withhold shall be automatic. The Panel's determination relating to full or partial salary withhold and/or any sanction shall be subject to the grievance procedure contained in Section 14.
5. The determination, reasons therefore, the remedial plan, and the decision concerning salary withhold shall be provided in writing to the Superintendent of Schools, the teacher, and to the building principal, or appropriate supervisor.
6. The plan for remediation will be implemented under the direction of the CIT Panel. The plan will provide for the development of specific performance and professional goals.
7. Teachers participating in Intervention and Remediation will continue to receive assistance until the CIT Panel determines that no further assistance is

needed or would be productive, or until the teacher in Intervention and Remediation no longer wishes to participate. The duration of the Intervention and Remediation program for any one teacher shall not extend beyond the start of the third full semester from the date of the initiation of the assistance program.

8. Teachers in Intervention and Remediation shall receive copies of all status reports and will have the right to attach and submit a written reply to the status report forms submitted to the CIT Panel by the lead teachers.

9. The CIT Panel will review all status reports and other information that may be submitted to the Panel. If the determination of the CIT Panel is that Intervention and Remediation was successful, the CIT Panel will issue a report, in writing, to the Superintendent, the Association President, and the teacher in Intervention.

10. Participation in Intervention and Remediation is voluntary on the part of the referred teacher. If a teacher refuses Intervention and Remediation, nothing herein shall prohibit the District from proceeding with further disciplinary action after that refusal.

11. If the determination of the CIT Panel is that Intervention is not successful, the CIT Panel will issue a report, in writing, to the Superintendent, the Association President, and the teacher in Intervention. Evaluation and/or discipline procedures, as outlined in sections of the Agreement, may then be instituted.

12. Any determination or report of the CIT Panel with respect to a referral for, or the outcome of, Intervention and Remediation, and any reasons therefore, as well as those documents referenced in the CIT "Handbook for Intervention and Professional Support," shall be evidence admissible through exhibits and testimony in any arbitration or a proceeding pursuant to Section 3020-a of the Education Law; provided, however, that any communications, oral or written, between Lead Teachers and teachers in Intervention on matters relevant to Intervention, shall be privileged.

13. The Panel shall develop written procedures for this referral, intervention, and remediation program.

14. If a unit member has been recommended by the CIT Panel for Intervention, and the Board determines probable cause exists to discharge the unit member after the unit member either has refused to participate in Intervention and Remediation or the Panel's Final Report finds that the Intervention has not been successful, and the teacher then elects to contest the charges by submitting the matter to arbitration (Section 38.3), arbitration shall be before a panel consisting of the Superintendent of Schools, the Association President, and a neutral third person familiar with the arbitration process selected by the Superintendent and the President. Arbitration shall be conducted in accordance with the provisions of

CPLR Article 75, except that the cost, if any, for the services of the third person shall be borne equally by the parties.

15. Professional Support

The District and the Association recognize the need for more accessible and more immediate peer assistance and support. To that end, the parties agree to establish a formal Professional Support program with the following features:

- a. Professional Support may be recommended by a colleague, a building representative, or a building administrator but access to Professional Support is by self referral only. Participation would be voluntary.
- b. Participation in Professional Support activities will not be reflected in any personnel materials unless the teacher includes such references.
- c. Support shall be provided by other Professional and Lead Teachers as indicated by the CIT Panel.
- d. Support may include, but shall not be limited to, counseling, observations of others' classes, demonstration lessons by lead teachers, in-service courses, workshops and conferences.
- e. Participation in Professional Support activities shall not prevent referral for Intervention Services.
- f. Formal participation in Professional Support activities shall be limited to two full semesters.

**SECTION 54
SCHOOL ACCOUNTABILITY**

Rochester's accountability strategies for school will build on and become the logical extension of the School-based Planning initiative. While the standards for student performance set by the Board are district-wide, the approach to accountability for those standards shall be one that involves the schools in the development of the strategies, terms and goals for which they are held accountable.

In developing these strategies, each school shall be accountable for equity in the internal distribution of resources, for adopting policies that reflect professional knowledge, for establishing means by which staff can continually gain more knowledge, for creating problem-identification, and problem-solving processes that continually assess and modify its own practices, and for responding

to parent, student, and staff concerns and ideas.

Each school or a team within a school (house, cluster, school-within-a-school) shall negotiate an agreement on the baseline data, the improvement goals and strategies, as well as the additional resources, support and conditions that may be indicated.

The negotiated agreement for school improvement shall be a multi-year plan which shall be binding on all parties. This plan will include a commitment to make annual progress reports to the school's community and constituencies.

The multi-year plan will be based on data collected by the District, State and school. It should include information such as school performance data and other factors that contribute to student performance, student mobility, teacher absenteeism, etc. School surveys and other alternative assessments will be used on a periodic basis as another means of data collection from students, staff, parents and community.

The data will be used as a basis for planning to improve student achievement, school climate and parent involvement.

The multi-year plan will include the following components:

Needs assessment - an analysis of progress (data) which draws conclusions and is the basis of goal setting.

Goals - projects expectations for cohorts of students: should be described in measurable terms and address the conclusions reached during needs assessment analysis.

Strategies - prescribes meaningful and relevant changes conducive to goals achievement; should reflect research and best practice methods and include participation by school staff or teams within a school.

Monitoring component - describes how the school will monitor its progress toward the goals.

Evaluation - describes the measures which will be used to determine outcomes based on goals.

The annual progress report shall include descriptive data on student performance for that year, adjustments in the needs assessment and multi-year plan and current status in meeting goals of the multi-year plan.

In the 1990-91 school year, each SBPT's Comprehensive Education Plan shall serve as the initial basis for negotiating the progress toward district-wide

standards set by the Board. The plan will include a core of mandatory context indicators articulated in the district guidelines for SBPTs. Schools may propose additional goals and emphases that are germane to their student population and to their individual circumstances.

Negotiations between each school and the Superintendent of Schools, or designee, may occur during the preceding spring semester but must be concluded prior to October 1st each year. (Schools identified as needing assistance through the State Education Department's Excellence and Accountability Program will be subject to the process required by the State.) Any negotiations not successfully concluded by the designated date shall be resolved through a mediation/arbitration process. The mediation/arbitration team shall be composed of one person appointed by the Superintendent, one person appointed by the Association President and a third person representing parents/community selected by these two appointees from a list developed by parent and community organizations.

The improvement goals negotiated by each school with the district shall constitute that school's target for the purpose of accountability, beginning with the 1991-92 school year.

Schools that show improvement in student performances and school effectiveness will earn greater autonomy, flexibility, recognition, and discretion in the use of resources. The design for the use of these additional resources will be determined by the schools themselves. The intent is to enable the schools to continue and expand their work with greater professional discretion.

Any school that does not show improvement towards its negotiated goals may be recommended for School Intervention by the Superintendent. Such recommendation shall be presented to the Superintendent and the district-wide School-based Planning Steering Committee. Upon review, the School-based Planning Steering Committee may designate a School Intervention Team consisting of two teachers, two administrators, two parents of students in the school, and, in high schools, two students from the student body, and the Superintendent, or designee, acting as Chairperson. The School Intervention Team shall conduct an assessment, provide necessary assistance to the SBPT, and make recommendations to the Superintendent. Such recommendations for remediation and assistance may include, but not be limited to, any of the following or combination thereof:

- Additional resources and assistance
- Changes in procedure and/or school operations
- Prescribed training
- Replacement or reconstituting of the school program or portion thereof
- School closing

Final decisions regarding closing of schools shall reside with the Board.

SECTION 55

GROUP ACCOUNTABILITY

Our system of accountability is shared accountability where expectations and standards are clearly defined: assessments are credible, measure true progress and provide information to improve practice; triggers of support, assistance and intervention are defined; and incentives to improve practice exist for individual educators (teachers, administrators, support staff), groups of educators (schools, schools-within-schools, primary unit, intermediate unit, houses, etc.) and others (parents, community, human service agencies, governmental institutions and businesses).

Further, the District and Association recognize that schools or groups of educators within schools (schools-within-schools, primary unit or intermediate unit) are the essential unit of accountability and that student achievement is the essential indicator of progress.

The Association and District therefore commit to establishing a group or school accountability plan that is based upon four key principles:

1. Student outcomes are the primary indicator of progress. Student growth and meeting learning standards will serve as the fundamental measure of school or school unit accountability.
2. Annual assessment of progress, including public reporting by each school or school unit, will occur.
3. Evidence of how school results have informed and led to changes in the School Comprehensive Education Plan must be reported annually.
4. The District and Association recognize that rewards, including bonuses and other incentives for recognizing successful student performance are important elements of the RCSD Group Accountability system.

The District and Association commit to establish a School Performance Incentive Program (formerly the Classroom Resource Fund) and identify such rewards and appropriate categorical, not local, sources necessary to implement the program.

In addition, the Task Force will reexamine the criteria for successful school performance and the appropriate level of incentives in order to move this

Program forward.

A. STUDENT OUTCOMES AND ANNUAL ASSESSMENT OF PROGRESS

The annual progress reporting on all aspects of school performance would include, but not be limited to, the following achievement measures and measures of school quality:

Measures in language arts and math (primary and intermediate levels) to be combined, including developmental stages in reading and math.

Percent of students expected to perform at the next grade level without additional support.

Progress/growth of cohort groups over 2-3-year period: primary, K-2/3; intermediate, 3-5/4-6; middle, 6-8; and high school, 9-12.

Feedback from receiving school.

Percent of students who take and pass District, Regents, and national exams, including but not limited to SAT/ACT and RCT.

Portfolios with evidence of strong accomplishments in writing.

In addition to student achievement measures, the Association and District recognize the importance of indicators of school quality that must be included in an assessment of progress. Such school quality indicators will include but not be limited to:

Parent involvement; including evidence of parent direct impact on the educational process and evidence of staff connection/outreach to the parent/home.

Customer Satisfaction, including evidence of satisfaction with the quality of the educational experience, school environment and school/staff levels of responsiveness.

B. LINKING RESULTS TO THE SCHOOL COMPREHENSIVE EDUCATION PLAN

1. No later than the last Wednesday in September, all unit members will meet and review student work including, but not limited to, student portfolios, final exams, and standardized test results in order to assess performance levels of the students they are teaching. Student achievement results shall be considered by staff in determining appropriate instructional strategies and

emphases to improve student performance. The SBPT shall determine the format of the annual meeting which may occur at grade level meetings, juncture meetings, or department or cluster meetings. Teachers may use data from this process as a component of the PART/Summative Appraisal process.

2. The annual public reporting by each school or school unit will describe how the school's results have informed the school and led to changes in the school's improvement plan.

C. INCENTIVES LINKED TO SCHOOL OR SCHOOL UNIT PROGRESS

1. Schools or schools-within-schools demonstrating progress will receive greater autonomy, flexibility, recognition and discretion in the use of resources.

2. In addition, distribution incentives under any School Performance Incentive Program shall be linked to student progress on agreed upon achievement measures and other school quality indicators.

a. A proportionate (per teacher) amount of the funds will be made available to, and administered by, the teacher members of each SBPT for supporting efforts that would promote effective practices or any of the following "Principles for Achieving Schools" as recommended by the RTA/RCSD Joint Task Force on Individual Accountability:

Schools that have high and rigorous standards for what all students should know and be able to do.

Schools that promote active, meaningful and real to life learning that focuses on critical and creative thinking and empower students to take greater responsibility for their learning.

Schools that have student learning assessments that are diversified and performance based, and school assessments that focus on credible, diversified and fair (equitable) indicators of opportunities for all students.

Schools that have knowledge-based teaching that is responsible and responsive to student needs, ensuring high standards for all students.

Schools that are small in size to permit supportive environments, where students are known.

Schools that shared decision-making and shared accountability for student success as well as democratic governance.

Schools that provide safe and democratic environments for learning.

Schools that provide incentives to promote student success and to create opportunities for all students, as well as logical consequences and disincentives for failing to do so.

Schools that work closely with students' families and seek to coordinate non-school services for students who need them.

b. Allocation of funds to each school from any School Performance Incentive Program shall be contingent on the school's proposal for the use of such funds. The plan or proposal must achieve affirmation from the other constituencies of that SBPT.

c. An impasse in this process shall be resolved by the Executive Committee of the School-based Planning Steering Committee.

d. After the initial year of implementation, schools will account for the results/benefits from the use of such resources.

e. Logical consequences must exist for schools or schools-within-schools that are unable to demonstrate progress toward agreed upon standards. The quality review and assessment of progress will identify barriers that must be addressed. A plan for corrective action may include a combination of any of the following:

- necessary support and assistance
- changes in procedures, staff and/or school operations
- prescribed training
- replacement or reconstituting of the school program or portion thereof
- school closing

D. GOVERNANCE

Governance shall be provided by an Executive Committee of the School-based Planning Steering Committee, comprised of the Superintendent or designee, bargaining unit Presidents or designees, parent representative, and student representative.

E. 1. The Rochester School Accountability system shall consist of three phases:

Incentive, Intervention and Sanction. The Incentive phase is defined in paragraphs A, B and C of this section, above.

2. a. The **Intervention Phase** allows schools an opportunity for outside assistance and for critical review of practices and strategies for student and school improvement. A school under intervention must participate in the following: a third party review process which focuses on areas in need of improvement and submission of the annual School Comprehensive Education Plan based on findings; prescribed professional development such as visitations to schools which have demonstrated success; changes in procedures and/or school operations; audits of student work and monitoring of school efforts.

b. Schools in the Intervention Phase must demonstrate improvement within a two-year period. Schools which have demonstrated improvement within this two-year period will continue to be monitored for an additional year. If improvement continues in the third year, the school will be removed from the Intervention Phase.

c. If a school in Intervention has not shown improvement based on established standards and criteria over a two-year period, that school will be recommended for the Sanction Phase. The SBPT of the school will be apprised of the school's status and assigned a "school monitor."

3. a. Schools in the **Sanction Phase** have not shown sufficient improvement over a five-year period and must be restructured. That restructuring occurs under the auspices of the School-based Planning Steering Committee and by action of the Board. The "school monitor" will ensure that the appropriate restructuring strategies are being implemented and ample resources are being provided.

b. Schools under sanction will need to prepare during the identification year for any one or combination of the following: 1) school closing; 2) personnel changes; 3) replacement or reconstituting of specific school programs or portion thereof.

c. After a school placed on sanction has taken the prescribed steps in restructuring, the newly restructured school will need to revisit the steps taken in their previous Intervention Phase. The school will remain on sanction until sufficient improvement has taken place as determined by the School-based Planning Steering Committee.

SECTION 56

PARENT/COMMUNITY INVOLVEMENT

The parties shall make a mutual commitment to provide ongoing opportunities for parent/community involvement on other issues relevant to the education reform agenda, such as shared accountability, professional expectations for school staff, expectations for parents and the community, student

outcomes and measures, etc.

SECTION 57

SHARED ACCOUNTABILITY

1. The District and the Association agree to support the implementation of the August, 1990 report from the Joint Task Force on Shared Accountability for Improved Student Learning. The parties reiterate their interest as stated in the report in a professional accountability system which seeks to ensure responsible and responsive practices that are knowledge-based and client-oriented. It does so by creating policies, practices, safeguards, and incentives that enact the following commitments:

Professionals pledge their first and primary commitment to the welfare of students

All individuals permitted to practice in certain capacities (teacher, specialist, administrator, etc.) are competent to do so responsibly

Where knowledge about good practice exists, it will be used as the basis for making decisions

Where certainty about practice does not exist, practitioners will - individually and collectively, through inquiry and consultation - continually seek to discover the most responsible course of action.

2. Furthermore the District and the Association endorse the following philosophical and strategic principles which help to shape the concept of shared accountability for student learning:

All students can learn and we have a responsibility to educate all of them well.

Ours is a vision of shared responsibility.

Educators as well as other constituencies should be accountable for that which is within their control.

Educators and schools must own the standards for which they are to be held accountable.

Student progress, not school ranking, must be the expectation.

Effective change begins with emphasis on enabling support.

3. The parties endorse the recommendations concerning equity in resources distribution at the school level, policy development, responsiveness to students, parents and staff concerns.

4. The parties agree to create conditions conducive to accountability and success. Those conditions may include, but are not limited to, the following:

Reduction in class size and student/teacher ratios.

Reduction in size of school units.

Extended instructional time for students who need more time.

Expansion of early childhood and pre-kindergarten programs that, according to research have proven to be beneficial.

Greater investment in staff by substantially increasing access to time, funds and technical assistance available to schools and to individual practitioners in order to meet the needs indicated by school assessment.

Expansion of school-based shared decision making to include still greater discretion over factors and conditions that affect student learning: the school budget, instructional materials, strategies, assessments, staffing, curriculum, inservice, student discipline codes, instructional time and schedule, student grouping and class size.

Reduction of student mobility within the district which now diminishes the credibility of norm-referenced and cohort assessments and disrupts student learning.

Establishing a venture fund and an "idea action forum" to provide enabling incentives for innovation, risk-taking, collaboration and reform of teaching and learning.

Developing opportunities and support for school administrators by providing for an internship program for new administrators, peer intervention for tenured administrators needing assistance, "Lead Administrator" status for outstanding practitioners.

Involving school administrators in direct contact with students.

Affirmation/Assessment of educational leadership and effectiveness that would enhance the prospects for accountability through bottom-up assessments

of services and practice.

5. The District and the Association agree to seek an expansion of the concept of shared accountability consistent with the Task Force report aimed at engaging teachers, building level and central office administrators, parents, students, the business community, post secondary institutions, community organizations, religious organizations, and political leadership in the comprehensive nurturing and enabling of our students.

SECTION 58 REPORT CARD REDESIGN COMMITTEE

1. If it is necessary to reconvene a Report Card Redesign Committee, it shall consist of no more than twelve (12) members comprised of equal numbers of (a) teachers appointed by the Association President, (b) administrators appointed by the Superintendent of Schools after consultation with the ASAR President, and (c) parents of children in district elementary schools appointed by the Superintendent after consultation with the District Parent Council President, shall be constituted within thirty (30) days of the ratification and approval of this Agreement by both parties. The tasks of this committee shall be (a) to recommend clear, accurate elementary report card(s) to the Superintendent and (b) to recommend revisions for streamlining other components of the academic reporting process, including student portfolios.

2. Nothing herein shall impair the authority of the Superintendent to make the final determinations regarding the design of elementary report card(s) and the revision of the academic reporting process and to consult with whomever s/he wishes in making those determinations.

SECTION 59 TEACHER INCENTIVES

1. Any member of the bargaining unit who has “professional” or “lead teacher” status and who has attained advanced certification by the National Board for Professional Teaching Standards will receive an incentive of \$1500, not included in base salary, for each year in which the member attains an evaluation of “Highly Effective”, “Effective” or “Distinguished”.

2. An additional \$2500 will be paid to NBPTS certified teachers and inactivated lead teachers (Section 52.13) who transfer to teach in schools identified by the state or federal government or the Superintendent as “low performing”. Such Board certified teachers may only transfer into vacant positions as defined in

Section 24.4.

3. The District and the RTA further agree to refer the issue of teacher incentives to the Living Contract Committee to explore the viability of reestablishing incentives for other purposes.

4. **Professional Development Incentive**

a. Recognizing that a teacher is a lifelong learner, there shall be a monetary incentive provided to bargaining unit members who document engagement in professional development activities beyond what is provided through other sections of this agreement (Section 16, 17, et al).

b. After the first year of employment, any bargaining unit member may document professional development consistent with categories contained in the District's jointly developed Professional Development Plan which is filed with the State Education Department and approved by the Joint Professional Development Planning Committee. Such documentation, and evidence of useful application, of an Individual Professional Development Plan shall be included in the teacher's annual performance appraisal. Resident level teachers will receive an additional \$800 stipend for completion of an additional twenty-four (24) hours of professional development activities. Professional level teachers and Lead Teachers will receive an additional \$1200 stipend for completion of an additional thirty-six (36) hours of professional development activities.

c. The Parties shall review the sections above (59.4a & b) to seek coordination with the NYSED certification process changes.

d. Teachers shall receive professional development incentive payments within thirty (30) days of submitting documentation of professional development hours as outlined above.

**SECTION 60
ABSENTEE REDUCTION PLAN**

1. The Absentee Reduction Plan will encourage teacher attendance and reduce the cost and disruption that occurs to the instructional program when the regular classroom teacher is absent.

It will be effective beginning with school year 2004-2005. This system will be based on a year-end review of attendance and establishes a credit for teachers who use few or no illness days.

2. a. **Eligibility** Tenured teachers are eligible to receive this benefit

after completing a minimum of ten (10) years continuous service with the District.

b. Accumulated illness days prior to 2004-05 are excluded from this plan.

c. Bargaining unit members who have accumulated the maximum number of 150 days, for the purpose of this section will be "credited" with ten days.

d. For the purpose of this section only, sick days used for religious observation shall not be counted.

3. **Procedure** The credits will be paid as cash to the eligible teacher upon retirement or resignation.

The credits will be earned per day as follows for the preceding school year:

No illness days used.....	\$115 per day
One (1) illness day used.....	\$95 per day
Two (2) illness days used.....	\$80 per day
Three (3) illness days used.....	\$70 per day

The above stipulations and credits are banked annually.

The maximum amount paid to a teacher upon resignation or retirement is \$25,000.

Eligible teachers who plan to retire/resign and wish to receive this benefit must notify the District by March 1st of their intention. In the event that an eligible teacher decides to retire after the March 1st date, s/he may appeal to the Joint Absence Reduction Appeals Committee for consideration. Under special circumstances, the Joint ARP Appeals Committee may recommend that bargaining unit members be permitted to participate in this benefit even if notification has not been timely made.

SECTION 61

ALTERNATIVE EDUCATIONAL SETTING

The parties recognize the need to provide alternative educational settings for students who need more services and support. A Joint RTA/RCSD Committee on Alternative Schools shall begin meeting immediately upon ratification of this Agreement to develop recommendations for at least one additional alternative school at the Elementary, Middle School, and High School levels. The Joint Committee shall also investigate the establishment and staffing a Student Support Room, Alternative to Suspension Room, and In-School Suspension Room (staffed

by certificated personnel) at every school. In addition, the committee shall investigate needed social/emotional support and services for students, as well as Lead Teachers/Behavioral Specialists. This Joint Committee shall issue a written report to the Superintendent and the Association President by December 31, 2016.

A Joint RTA/RCSD Committee shall be convened to study the viability and effectiveness of returning to separate middle schools model in the District. The Joint Committee shall submit a report by December 31, 2016. Should the recommendations be accepted by the Board, implementation shall be done as soon practicable.

SECTION 62 SCHOOL INSTRUCTORS

1. Exceptions

Unless specified in this subsection, all parts of this Agreement shall apply to school instructors. Terms and conditions of work for school instructors shall continue in effect unless and until the parties agree to additional changes not set forth in this Agreement.

2. Class Size

Class sizes in programs staffed by school instructors shall be maintained at SED approved levels.

3. Definitions

School instructors covered by this Agreement shall include all employees (twenty hours or more per week) formerly included in the School Instructors bargaining unit.

4. Program Based Planning

a. The Board and the Superintendent and the Association agree to cooperatively participate in the development of program based planning. District-sanctioned program based planning teams will include instructor representation consistent with selection procedures developed in cooperation with the Association.

b. Program based planning teams shall meet to consider, develop and review program goals, objectives and strategies.

c. Modifications of the specific provisions of this subsection affected through the program based planning process shall be subject to procedures approved by the Association Representative Assembly. Decisions reached in accordance with this provision shall be binding on all unit members in that program.

5. Instructor Schedules

a. Work Day - Work Year: Not Assigned to Schools

(1) The workday will be prescribed by the assigned administrator or his/her designee in conjunction with the Program Based Planning Committee and announced in building bulletins. All members of the unit shall be required to attend all meetings for whatever purpose which are scheduled during working hours by the Director or his/her designee.

(2) When employees are required to attend orientation as a condition of employment, they shall be compensated at their regular rate.

(3) All programs shall set aside one (1) hour, once a month which shall be used for faculty, departmental or instructional meetings or other professional responsibilities.

(4) The annual calendar will be developed by the assigned administrator with input from the RSI Chairperson.

b. Work Day – Work Year: Assigned to Schools

(1) Unit members assigned to schools will report to the school principal or his/her designee.

(2) School Instructors assigned to Group Tutoring positions in the schools are required to report to work 15 minutes before their students arrive and will remain in the building for 6 and 3/4 hours following their reporting time. Their workday shall consist of: 4 hours of direct instruction (2 sessions of 2 hours each) with the remainder of the day allocated for lunch, planning and case management duties.

When the instructor only has one session scheduled, the principal may assign other instruction duties to the instructor during the period allocated for the second instruction session. Such task(s) shall also comply with the following:

(a) The class size shall not exceed ten (10) students.

(b) No work normally performed by others outside the unit (e.g. clerical sentry, paraprofessional or substitute teaching except when the school's emergency plan is activated during the unscheduled instructional block, etc.) may be assigned.

(c) Assignment to the In-School-Suspension position or equivalent positions of varying names is prohibited.

(d) Assignment of one or more students to the previously unscheduled instructional two (2) hour block shall result in no additional instructional tasks being assigned.

c. Planning Time

The District will make every reasonable effort to provide each unit member working thirty (30) or more hours per week with a minimum of 150 minutes planning time per week.

6. Instructor Conference and Visiting Days

a. To encourage instructor participation in conferences and increased use of visiting days, each program shall be allocated one (1) day of substitute time per instructor. The administration of this program shall be determined jointly by the program based planning committee and the supervising director.

b. Whenever representatives of the Association are mutually scheduled by both parties to participate during working hours in conferences, meetings, or in negotiations, they shall suffer no loss of pay.

c. One (1) elected delegate of the Association to the annual State and National Convention shall be allowed released time without loss of pay to attend said conventions.

d. The District will allocate conference monies for each program within this bargaining unit in the sum of \$500. Monies allocated for conferences and visiting days that are not used by individual programs will go into a program-wide pool, administration of which will be decided by the program based planning committee.

7. Lay Off and Recall

a. Procedures for lay-off and recall of school instructors shall be consistent with Appendix B of the Agreement ("Abolition of Positions") except that school instructor lay-offs shall be affected within four separate categories of instructors rather than in tenure areas: business, trades, nursing, and academic

instruction (all other school instructor assignments).

b. Separate seniority lists and preferred eligibility lists for purposes of lay-off and recall shall be maintained for school instructors. For the purposes of this provision, seniority shall be defined as the length of continuous employment as a school instructor and shall be computed from the last date of hire in the bargaining unit. In the event a school instructor accepts employment outside the bargaining unit, but remains in the employment of the District, s/he shall not accrue seniority for such service. However, should s/he return to the unit, s/he will recover all seniority within the area which s/he possessed prior to leaving the bargaining unit.

c. A school instructor recalled for reemployment from a preferred eligible list may "pass" on a position that is offered if his/her teaching experience does not match the position offered. ABOLITION OF POSITIONS

1. Whenever the Board abolishes a position, the services of the teacher having the least seniority in the system within the tenure of the position abolished shall be discontinued.

3. The persons on such preferred eligible list shall be reinstated or appointed to such corresponding or similar position in order of their length of service in the system. Placement on such preferred eligible list shall be as of the date of position abolishment and shall not be adjusted for service rendered subsequent to the date of placement on the preferred eligible list; except that post-abolition service in the system other than service as a per diem or contract substitute shall be credited to the teacher in establishing placement on the preferred eligible list, upon being laid-off from that post-abolition position.
4. An individual teacher in the District shall retain all rights as provided by Education Law 2585, the Rules of the Regents and controlling case law.

APPENDIX C

PROFESSIONAL PRACTICE REVIEW: PROFESSIONAL EXPECTATIONS FOR TEACHERS

The District and the Association agree that core propositions extracted from the report of the National Board for Professional Teaching Standards (as set forth herein) together with guidelines and principals contained in the August 1989 PART report, form the basis for professional expectations for Rochester's teachers.

The core propositions, considered together with teacher expectations contained in the PART report, represent collectively a broader and more comprehensive set of expectations for teachers than previously established, and will be the point of departure for the development of a professional accountability system for teachers.

Because these core propositions and expectations define a more comprehensive work role for teachers than previously established, the following are established as a framework for the role that professional expectations will play

in the teacher appraisal system.

The manifestation of the professional expectation will be expressed in:

a. Willingness to participate in the development of the life of the school and to share on an equitable basis in the responsibility for school improvement. Evidence of serious commitment to the life of the school as a whole will be expressed in different ways by teachers and in a variety of activities including, but not limited to, participation on committees, school site management, sponsorship of student activities, etc.

b. Teacher effort and success in creating multiple and meaningful opportunities for students to receive assistance during and beyond the school day. This means that teachers will work a professional day, making time to do what is required to meet the needs of their students.

The components of the professional practice review shall reflect achievements and professional growth in the following areas (and as more fully delineated in the report from the National Board for Professional Teaching Standards and the 1989 PART report) include:

Commitment to students and their learning (Ex: believing all students can learn; equity in treatment of students; motivating students; creating opportunities for student learning; effectiveness in a multi-cultural environment)

Knowledge of teaching and learning (Ex: content area expertise; instructional strategies; knowledge of learning styles; examples of student work)

Effective management of learning (Ex: engaging students; authentic assessment of student's work; time and space utilization; grouping of students; involving students in active learning and peer relationships)

Professional development and reflective practice (Ex: familiarity with research and changes knowledge base; participation in inservice, workshops, conferences, etc.; observing other teachers; adjusting instructional strategies; risk-taking)

Collaboration with others (Ex: team-teaching and professional collaboration, peer relationships, home contacts, involving community in students' learning, leadership roles, participation in professional organizations, school and district committees, etc.)

I. PRINCIPLES FROM THE NATIONAL BOARD FOR PROFESSIONAL TEACHING STANDARDS

1. TEACHERS ARE COMMITTED TO STUDENTS AND THEIR LEARNING

Teachers are dedicated to making knowledge accessible to all students. They act on the belief that all students can learn. They treat students equitably, recognizing the individual differences that distinguish their students one from the other and taking account of these differences in their practice. They adjust their practice, as appropriate, based on observation and knowledge of their students' interests, abilities, skills, knowledge, family circumstances and peer relationships.

Accomplished teachers understand how students develop and learn. They incorporate the prevailing theories of cognition and intelligence in their practice. They are aware of the influence of context and culture on behavior. Equally important, they foster students' self-esteem, motivation, character, civic responsibility and their respect for individual, cultural, religious and racial differences.

2. TEACHERS KNOW THE SUBJECTS THEY TEACH AND HOW TO TEACH THOSE SUBJECTS TO STUDENTS

Teachers have a rich understanding of the subject(s) they teach and appreciate how knowledge in their subject is created, organized, linked to other disciplines and applied to real-world settings. They also develop the critical and analytical capacities of their students.

3. TEACHERS ARE RESPONSIBLE FOR MANAGING AND MONITORING STUDENT LEARNING

Teachers create, enrich, maintain, and alter instructional settings to capture and sustain the interest of their students and to make the most effective use of time. They are also adept at engaging students and adults to assist their teaching and at enlisting their colleagues' knowledge and expertise to complement their own.

They know how to engage groups of students to ensure a disciplined learning environment and how to organize instruction to allow the school's goals for students to be met.

They employ multiple methods for measuring student growth and understanding and can clearly explain student performance.

4. TEACHERS THINK SYSTEMATICALLY ABOUT THEIR PRACTICE AND LEARN FROM EXPERIENCE

Teachers are models of educated persons, exemplifying the virtues they

seek to inspire in students - curiosity, tolerance, honesty, fairness, respect for diversity and appreciation of cultural differences - and the capacities that are prerequisites for intellectual growth: the ability to reason and take multiple perspectives, to be creative and take risks, and to adopt an experimental and problem-solving orientation.

5. TEACHERS ARE MEMBERS OF LEARNING COMMUNITIES

Teachers contribute to the effectiveness of the school by working collaboratively with other professionals on instructional policy, curriculum development and staff development. They can evaluate school progress and the allocation of school resources in light of their understanding of state and local educational objectives.

Accomplished teachers find ways to work collaboratively and creatively with parents, engaging them productively in the work of the school.

PROFESSIONAL EXPECTATIONS FOR TEACHERS

Revised December 1990

Fundamental to the Career in Teaching Plan and other reform initiatives is the concept of extended expectations for all professional staff. The extended expectations for teachers begin with four belief statements about what teaching and learning should be and about what teaching and learning must become if schools are to change to respond to student needs. The expectations for teachers also incorporate the following five areas of professional development, interaction and involvement; the continuum of professional development and collegial interaction; professional involvement beyond the classroom; home involvement; community relationships; and promoting and enhancing the status of the profession.

These areas of professional emphasis for district teachers serve as points of departure for discussions about what schools, teaching and learning should be as we move forward into the 1990s. At the outset, professional staff needs to acknowledge and support a concept of collegiality that is new to our schools. Colleagues in instruction include all who contribute to the teaching and learning composite: fellow classroom teachers, pupil personnel support, administrators, paraprofessionals and other educators.

Teaching and Learning

These four belief statements aim at improved student attainment and apply equally to all career levels and all professionals. It would be inappropriate to suggest a different focus or emphasis for the intern, resident or professional level. Rather, each of the levels may differ in the sophistication or skill or experience of

the practitioner. Through self-analysis and collegial review/support, educators will be able to identify their own strengths and needs. Reflective practice will engender responsive schools-restructured schools. The expectations here, to a considerable extent, return to the question "What is good teaching?"

Effective teaching connects the student's world and content.

Students are the focal point of the instructional process; all energy is channeled toward engaging the student and supporting the transformation toward community and global connection. Teaching reflects multivoiced accounts and perspectives in all subject areas. Teaching reflects a positive attitude toward students, recognizing and appreciating the multicultural nature of Rochester's student body. Teaching models ongoing learning, is inventive, focuses on problem identification/solution, promotes higher-level thinking and generally relates learning to life. Community service and community knowledge are linked to instruction. Teachers know the content and freely employ interdisciplinary approaches.

Effective teaching celebrates the learning process. *Students and teachers are engaged in active learning and share the accountability for and pride of accomplishment. Instruction is energetic, enthusiastic and challenging for teacher and student. Instruction involves a collective search to expand what we know and what we learn so that it equitably represents all races and classes, and both genders. Teaching combines a sense of humor with a seriousness of purpose; it is flexible, creative, and positive. Teachers and students take risks: teachers know how students learn and tailor instruction to their enthusiasm and strengths. Teaching stimulates inquiry and discovery, reflection and action. Instruction embraces "learning how to learn," as well as specific content areas and skills.*

Effective teaching incorporates knowledge of human development.

Teachers, with the school community, analyze student needs and adjust instruction as a result of continuing collegial dialogue. Teaching and learning is viewed as an evolving process and set of relationships. Teachers incorporate experiences and research in their own professional growth. Teachers incorporate current scholarship to accurately reflect diverse cultures and groups. Instruction promotes self-esteem and self-discipline through self-assessment. Alternative styles in teaching and learning are fostered based on current research.

Effective teaching offers a safe learning environment. *Teachers and students work together to create an atmosphere conducive to learning-characterized by mutual respect, fostering self-esteem and a sense of a shared mission. Teachers make decisions about instruction and school environment and share responsibility for their school's success. Student/teacher interaction fosters independence and interdependence. Teaching encourages self-discipline. School communities offer support through appropriate intervention.*

The Continuum of Professional Development and Collegial Interaction

The continuum of professional development begins with the intern experience, continues through residency, with professional-level teachers expanding on the expectations of the previous levels. Throughout teaching careers at the District, professional development can be characterized as a process which is both reflective and collegial. Overall, teachers move from supported practice (intern) toward interdependent practice (resident), and ultimately to a point at which they can facilitate their own continued growth and the growth of their colleagues (professional teacher). Relationships with colleagues grow from participation in collegial activity, to reflection and, ultimately, to leadership.

Intern Level: The intern's professional growth may be coordinated through assistance by a Lead Teacher/Mentor, administrators, or other colleagues. A wide variety of professional development activities (including a formal orientation of up to five days) are available to all teachers. In addition to building and department inservices, interns will participate in workshops and courses offered through the Office of Staff Development, SETRC, and the Rochester Teacher Center. Participation in other union-supported professional development activities is also an expectation for interns.

Interns, with assistance from their mentors and supervisors, will develop personal plans for professional development. They also will begin documenting their achievements of professional growth.

There is a further expectation that the knowledge of and participation in reform initiatives embraced by the District and Association will become a part of each intern's induction. Professional development and the building of collegial relationships aimed at promoting classroom excellence must also take place informally. As in any other profession, the individual is primarily responsible for continuing self-education, acquiring knowledge about current research and practices, and interacting with colleagues to promote better instructional techniques.

Interns are, of course, fully capable of facilitating colleagues' professional development. However, the overall nature of an intern's professional development is likely to be directed at themselves, rather than toward their colleagues, and that interns will in general profit greatly from collegial support.

Resident Level: At the resident level, teachers will continue to participate in the collegial professional development process that began with the intern/mentor relationship. They will expand their support through various voluntary networks, either self-constructed or offered through various institutions (Rochester Teacher Center, the Association, department, building, etc.).

In addition, resident teachers will continue a lifelong process of addressing topics including, but not limited to, the following: student assessment; instructional strategies, both content-free and discipline-specific; decision-making; conflict resolution; content-area knowledge; use of tools of the profession (i.e., technology); research-as consumers, transformers and “creators” of knowledge; communication; and making connections between schoolwork, home, the community and the future.

As part of the professional development process, residents will use the resources identified in the intern-level statement and will begin to expand those resources by offering development possibilities for colleagues.

Professional Level: At the professional level, teachers will continue to participate in the collegial professional development process begun with the intern/mentor relationship and continued in the resident years through voluntary networks. They will assume increasingly active roles in directing their own growth and supporting the growth of their colleagues.

It is at this level that professional development expectations will link most directly to the new performance appraisal system. Professional-level teachers will have knowledge and experience to identify appropriate professional growth needs through self-analysis, portfolio review and collegial review groups. Thus, professional development needs and opportunities will arise from performance appraisal and will connect to effective classroom practice. This is not to say that activities will be limited to areas of deficiency.

Professional-level teachers will promote their own effective practices, and reinforce and enrich those of their colleagues.

Professional Involvement beyond the Classroom

Professional involvement beyond the classroom (or office) will act to strengthen ties with one’s school, as well as with colleagues and the school community. It requires teachers to extend themselves beyond their personal expertise, related subject matter, and their own students.

Intern Level: First-year teachers are expected to acquire an understanding of District operations-the organizational framework, the functions of various offices and departments, and the operations of the Board. It is expected that interns will participate in building/faculty meetings, in appropriate (group, cluster, department) meetings at the school or district level, and in building-level committees and/or projects.

Resident Level: In addition to intern-level expectations, residents will extend their involvement in similar activities by participating in a group of their choice (school-

sponsored clubs, committees, projects, class advisorships, Association building representative elections, SBPTs, etc.). Residents will continue to develop collegial relationships with other professionals aimed at supporting their own professional development and the district's mission of improved student attainment.

Professional Level: As with other areas, professional-level teachers will show growth beyond resident status by meeting the expectations above and by expanding involvement in selected activities. Professional teachers will act as facilitators and encourage colleagues to participate in activities beyond the classroom.

Home Involvement

The District and Association goals are to increase home/parent involvement and communication in order to foster a better sense of each student's needs as a learner and to improve the learning process as a whole. All professional staff will be more accessible to students and parents. Engaging parents in the learning process and providing the appropriate avenues for parents to take an active role in school/learning activities will enhance the teacher's ability to meet individual needs effectively.

Intern Level: In reshaping urban education, it is essential that new ways to involve parents and the community be explored. Interns in the CIT Program will make parental contacts that permit a greater knowledge of the child and his/her living conditions. This understanding will foster a better sense of each student's needs as a learner. The parental contact will open avenues for home involvement that are missing in some urban schools.

Resident Level: Residents will continue parental contacts that permit a greater knowledge of the child and his/her living conditions. It is expected that the resident will increase parental involvement in the learning process both at home and school by encouraging parents to take an active role in school/learning activities and by engaging parents in the learning process through guided participation. The awareness and experience gained in supported home involvement at the intern level will be evidenced through the increased depth and sophistication of the resident's interactions with parents and the child's environment.

Professional Level: At the professional level, home involvement will continue to grow in depth and sophistication. The professional will take on a facilitative role by providing input and assistance to interns and residents requesting guidance in home involvement. At this level, the degree of depth and sophistication will be such that parental contact is an integral part of teaching, fostering communication and involving parents in the process of educating their children. The nature and scope of home/parent involvement should be varied and reflect the knowledge and experience gained at the intern and resident levels.

Community Relationships

Knowledge of and interaction with the Rochester community are essential to expanding the learning environment. This area of professional expectations affirms that connection to the community is essential to achieving the goal of improved student outcomes. There is a related expectation that the community will provide support and assistance to teachers, accepting a share of responsibility for student attainment.

Intern Level: Through formal professional development programs, local school/District arrangements and activities with other professional staff, each intern will develop an awareness of our community and actively incorporate this knowledge in the exercise of his/her professional responsibilities. Agencies, cultural events, business/industry connections, historic sites, the cultural history of neighborhoods-knowledge of all these and more is part of the community awareness expectation for teachers.

Resident Level: Each resident teacher will, with his/her understanding of the community, incorporate this knowledge in the exercise of professional responsibilities. This interaction expands the definition of “school” and respects the context of the learner. “Respecting the learner’s context” requires a growing awareness of community, from the neighborhood to the agencies which serve the student population. Residents will seek connections to the school community which are enabling to teachers and students.

Professional Level: Each professional teacher will become a contributing member to the community, in the broadest sense, where s/he works. This interaction further expands the definition of “school” and “teaching” and affirms the mission of the profession-that of service. At both the resident and professional levels, teachers will act as facilitators for students to participate actively in community service efforts and to connect community needs to the school. Overall, the school will be challenged to change, through efforts to teachers and students, from an isolated institution to one involved in and supportive of its community.

Promoting and Enhancing Status of the Profession

Teachers will be expected to participate in activities which reflect a commitment to the profession itself and to promoting the profession in day-to-day contacts with students, colleagues and the community. As differentiated from other areas, these expectations may be more attitudinal, as evidenced by pride in the teaching profession.

Intern Level: The intern will develop an awareness of teachers’ responsibilities to the teaching profession, as well as involvement in professional organizations,

conferences and higher education.

Resident Level: The resident will demonstrate active involvement in supporting and advocating the teaching profession. Options include nurturing students with potential interest in teaching as a profession, speaking to community groups about teaching and sponsoring a student teacher, if appropriate, within the guidelines of the certification area. It is expected that the resident teacher will attend conferences, become a member of appropriate professional organization(s), demonstrate some linkage with higher education, and contribute to the improvement of the overall climate of the school building through collegial sharing and dialogue.

Professional Level: It is expected that the professional will maintain the responsibilities shown to the profession that were indicated at the resident level. In addition, a facilitative or leadership role is to be developed that may be demonstrated by conference presentations, published writing, or active involvement in a professional organization, political action, or higher education.
