

About the Virtual Instructional Model

- ✓ The schedules are **samples**. Teachers should use their professional judgement in conjunction with the needs of their students to provide the best instruction possible.
- ✓ In the PreK-2 the 15 minute **break is for the students**; teachers during the asynchronous time should take their ½ hour contractual break
- ✓ Synchronous is defined as teachers and students on line at the same time for instruction.
- ✓ Asynchronous is defined time when students complete their work on their own time, off screen
