

INTERIM SALARY INCREASES UNTIL CURRENT NEGOTIATIONS ARE CONCLUDED

We are still in negotiations for additional increases beyond these - consistent with our proposed amended benchmarking agreement. Until there's a negotiated successor contract, the chart below indicates the automatic increases that are applied as of July 1, 2022. Take your 2021-22 step (or salary) and move directly below to see the 2022-23 step (or salary) that is in effect until increased by the yet to be negotiated successor agreement.

Step	Salary
